ST. LOUIS POST-DISPATCH

FINAL

Vol. 79, No. 258. (79th Year) ST. LOUIS, SATURDAY, SEPTEMBER 21, 1957 —18 PAGES PRICE 5 CENTS

FAUBUS CALLS OFF TROOPS, HIGH SCHOOL WILL BE OPEN MONDAY TO NEGRO PUPILS

AIR OFFICER GETS LIFE FOR TRYING TO SELL ATOMIC DATA TO RUSSIA

B-36 Bombardier Attempted to Supply Information on Handling of Nuclear Weapons in Aircraft.

SHREVEPORT, La., Sept. 21 (AP)—The United States Second Air Force today announced the general court martial and life sentencing of a captain for trying to sell atomic secrets to Russia.

The man was identified as Capt. George H. French, 36 years old, of Mount Vernon, N.Y., a bombardier on a B-36 crew.

The Air Force said French was stationed at a Carribbean base and was on leave in Washington, D.C., and New York City last April when the offense occurred.

The court martial began Sept. 17 and ended late yesterday. It was conducted in secret because of the classified nature of evidence.

Court Martial Sentence.

The general court martial sentenced Capt. French to a dishonorable discharge, forfeiture of all pay and allowances and life imprisonment.

French was found guilty of violating Article 134 of the Uniform Code of Military Justice. The charges involved an offer and an unsuccessful attempt to communicate information relating to the national defense of the United States to the Union of Soviet Socialist Republics, the Air Force said.

The information French attempted to sell included documents and diagrams on handling of atomic weapons in bomber aircraft, the Air Force said. The documents showed components of the bomb and its associated equipment, with information relating to the actual detonation of the bomb and its explosive power.

Subject to Review.

The sentence is subject to review by the commander of the Second Air Force, a board of review and the Judge Advocate General of the Air Force.

The Air Force said it can then be referred to the military court of appeals.

Capt. French had no accomplices in the matter, the Air Force said.

The court-martial took place at Barksdale Air Force Base, headquarters of the Second Air Force.

SAILORS' APPLE A DAY KEEPS WOLF AWAY IN LEBANON

BEIRUT, Sept. 21 (AP)—The United States Sixth Fleet pledged its sailors yesterday to help Lebanon along the road of solvency by eating apples. They will have also the satisfaction of biting back at Egypt's President Nasser.

The fleet is stationed in the Mediterranean and showing the flag in the restive Middle East. It agreed to buy all the Lebanese apples its sailors can eat this year. The agreement was announced by Economics Minister Kazem Khalil. For Lebanon it came in the nick of time.

Aroused by Lebanon's pro-American policy, President Nasser had unexpectedly refused to buy any Lebanese apples and for want of a buyer Lebanon's fast ripening crop was going to rot.

For years Egypt had been the main buyer of the 1,200,000 boxes of apples Lebanon exports yearly. To Lebanon the $3,500,000 from apples is important.

Khalil said Lebanon has got promises also for apple orders from France, Britain, West Germany and Iraq.

Thundershowers

Official forecast for St. Louis and vicinity: Cloudy with a few showers or thundershowers tonight; decreasing cloudiness tomorrow with some sunshine during afternoon; cooler; low temperature tomorrow morning 55; high in afternoon 75.

New Premier

—By a Post-Dispatch Photographer.

POTE SARASIN — Thailand's new Prime Minister as he appeared on visit to St. Louis in 1955.

SARASIN ELECTED PRIME MINISTER OF THAILAND

Former Ambassador to Washington Is Considered to Be Western-Oriented.

BANGKOK, Sept. 21 (AP)—Pote Sarasin, former Thai ambassador to Washington, was elected provisional prime minister of Thailand today. His election was promptly confirmed by King Phumiphon Aduldet.

Because of this development, United States Ambassador Max Waldo Bishop postponed his trip to Washington where he was to have gone for consultations and a medical checkup. He probably will leave within a few weeks and expects to return after a few months. He was scheduled to leave Sunday.

Meanwhile, the Southeast Asia Collective Defense Treaty council called an emergency session to discuss Sarasin's appointment. Sarasin will have to resign his post as secretary general of the treaty alliance.

Sarasin had been Thai ambassador to the United States for five years and is considered western-oriented in foreign affairs. He was born in Bangkok 51 years ago and was educated at American and English schools. He is a wealthy aristocrat, business man and prominent lawyer who his friends say possesses an experienced, quick and perceptive mind. They say he is adept at high level negotiations.

Foreign Affairs Record.

The new premier had an extensive record in foreign affairs. Leading observers here believe the military junta headed by marshal Sarit Thanarat is trying to show further evidence it intends to follow the foreign policy set down by ousted Premier P. Pibul Songgram—at least for the time being.

Gen. Sudhi Sudhisarn Ronakron was elected speaker of the assembly and Lt. Gen. Prung Rangsiyakon and Nai Sanya Thamasak first and second deputy speakers respectively.

The session of parliament lasted less than an hour.

Marshal Sarit told Ambassador Bishop yesterday Thailand "would strictly observe its existing foreign policy" of adherence to the United Nations and the Southeast Asia treaty.

Meets With Admiral Stump.

Sarit also met for 12 minutes with Adm. Felix B. Stump, United States commander in the Pacific, at Suan Kularb palace. Sarit said afterward Stump had told him there has been no change in United States policy toward Thailand and that military aid will continue.

Sarit and Stump are old friends. Sarit once was Stump's house guest in Honolulu.

By the United Press.

Marshal Sarit meanwhile relieved Songgram's son as commander of the Royal Thailand Marine Corps. He was Commodore Prasong Pibul Songgram, the second son of the ousted premier. Sarit named him a "reserve officer" attached to the navy general staff.

The feeling continued in political circles that the deposed premier would return to Bangkok not that the situation has settled down. Leaders of the Sarit group repeatedly requested Songgram to return here and live "happily." He is expected to receive an honorary post.

Plane Crashes, 5 Killed

BELLINGHAM, England, Sept. 21 (AP)—A Royal Air Force training plane crashed near here early today, killing all five men aboard.

BECK AND HOFFA REFUSE TO GO BEFORE AFL-CIO EXECUTIVE BOARD

Teamster President Writes Meany There Is 'No Basis Whatsoever' for Accusations of Corruption.

MIAMI BEACH, Sept. 21 (UP) — Teamsters President Dave Beck and Vice President James Hoffa turned down, today an "invitation" to answer charges of corruptness in their union before the AFL-CIO executive council in New York. Beck said the accusations have "no basis whatsoever."

"We emphatically deny the validity of the so-called findings" of the AFL-CIO Ethical Practices Committee, Beck said in a letter to George Meany, president of the federated parent union.

"We assert that there is no basis whatsoever for the committee's conclusion that our great international union does not meet the standards for ethical union practices set forth in the AFL-CIO constitution."

But the letter, unamiously approved by the Teamsters executive board, said, "We do not believe that it is consistent with decent trade union practices and principles to fight a matter of this importance in the press."

Beck told United Press that he and other Teamsters officers will not appear before the AFL-CIO executive council meeting in New York City next week. The AFL-CIO had invited the Teamsters' chiefs to appear to give their side of the story Sept. 24.

"We shall present the entire matter to our international convention," which convenes here Sept. 30, the letter said. "Consistent with our democratic tradition, we shall be guided by the wishes of the majority of our memers as expressed by the delegates to that convention."

The letter also said the Teamsters "believe that a situation having such great significance to the entire labor movement should not be the subject of precipitate and hurried action."

The letter was addressed to Meany, who is in New York, as "Dear Sir and Brother," and was signed "Very truly yours."

HEARING SEPT. 27 ON SUIT FOR WRIT

WASHINGTON, Sept. 21 (AP)—A federal judge has ordered a hearing Friday on a move by 13 Teamsters union members to block what they contend is an attempt to rig the election of James R. Hoffa as union president.

United States District Judge F. Dickinson Letts yesterday ordered Hoffa, retiring union president Dave Beck and other top Teamsters officials to appear Sept. 27 to show cause why the election of union officers should not be delayed by temporary injunction.

The hearing date is only three days before the union convention is scheduled to open in Miami Beach. Election of union officers by convention delegates is scheduled for Oct. 4 or 5.

Judge Letts said the hearing would be held Sept. 27 if the lawyer for the Teamsters members seeking to block the elections serves the court order on the union officials involved before next Wednesday. Most of these officials now are in Florida preparing for the convention.

Rank-and-File Movement.

The judge acted on a petition filed on behalf of a group of Teamsters, mostly from the New York area. The rank-and-file union members were represented by Attorney Godfrey P. Schmidt, who told Judge Letts that Hoffa and Beck control the convention machinery and that convention delegates were illegally hand-picked to insure Hoffa's election as union president.

Schmidt said he wanted the court to appoint a referee to determine when new convention delegates have been chosen by democratic means.

In Miami Beach, Beck said he did not consider the court proceedings to be of any importance. "I still think there will be a convention Sept. 30," he said.

Hoffa, a Teamsters vice president, declined to comment on the court order. Before it was issued, he said it was up to the convention delegates to say who they want for union president

PRESIDENT SAYS WITHDRAWAL OF GUARD IS STEP IN RIGHT DIRECTION

Eisenhower Pleased Over Compliance by Faubus—Brownell Is Keeping Him in Touch With Matter.

NEWPORT, R.I., Sept. 21 (AP) —President Eisenhower today expressed confidence the people of Little Rock, Ark., "will vigorously oppose any violence by extremists" in integration at Central High School.

NEWPORT, R.I., Sept. 21 (AP) —President Eisenhower today called Arkansas Gov. Orval Faubus's withdrawal of National Guardsmen from a Little Rock high school "a necessary step in the right direction."

The President said in a statement at his vacation headquarters:

"The action by the Governor of Arkansas in withdrawing the detachment of Arkansas National Guard troops from the Little Rock high school is a necessary step in the right direction.

"I am confident that the citizens of he city of Little Rock and the state of Arkansas will welcome this opportunity to demonstrate that in their city and in their state proper orders of a United States court will be executed promptly and without disorder."

Obviously Delighted.

The President obviously was delighted by Faubus's compliance last night with a federal court order that he halt interference with school integration.

Mr. Eisenhower was informed of the Faubus move shortly after the Governor pulled the troops away from the school last night—just a few hours short of one week after he and Faubus conferred in Newport.

James C. Hagerty, presidential press secretary, dictated Mr. Eisenhower's statement to reporters this morning about an hour after the President checked into his office at the United States Naval Base at 7:50 a.m.

Hagerty said Mr. Eisenhower had talked by telephone with Attorney General Herbert Brownell, who was in Washington, shortly after he got to his desk. They arranged to confer again later in the day.

'In Close Touch.'

Hagerty noted that the Little Rock school board would meet today and added that Brownell "will keep the President in close touch with developments."

"I think I will have an additional statement later," Hagerty said. He declined to elaborate.

In reply to a question, Hagerty said he went to the vacation White House last night to tell Mr. Eisenhower about the withdrawal of the National Guard unit from the Little Rock high school.

The President planned today to play golf with Ellis B. Slater, president of Frankfort Distilleries; George Allen, author of "Presidents Who Have Known Me"; and Howard Cushing, president of the Newport Country Club.

A week ago today, after a two-hour conference with Faubus, Mr. Eisenhower said in a statement that Faubus had stated his intention to obey the law on school integration.

The President apparently thought the Governor was planning to withdraw troops from the Little Rock high school earlier this week. When the troops stayed on through most of this week, the President on Thursday was pictured by an aid as "deeply disappointed."

Yesterday before the removal of the troops, the vacation White House said the President still was disappointed.

A.D.A. Head Criticizes Eisenhower Over Little Rock.

NEW YORK, Sept. 21 (AP)—An official of Americans for Democratic Action said today the Little Rock school situation had drifted "to the brink of disaster" and that President Eisenhower was largely to blame.

A.D.A. National Chairman Robert R. Nathan said the severity of the integration problem "can be attributed to the weakness and inaction of a President who either did not understand what was happening or could not bring himself to act."

Nathan's speech to A.D.A.'s New York State Convention was prepared prior to the action last night by Gov. Orval Faubus in removing Arkansas National Guardsmen from around Central High School in Little Rock.

Nathan devoted much of his

Men of Arkansas National Guard outfit climbing into truck while comrades at right wait for another vehicle after Gov. Orval Faubus ordered troops away from Central High school at Little Rock last night.

KING HAAKON OF NORWAY DIES; OLDEST MONARCH

85 Years Old, He Was on Throne 52 Years—Crown Prince Olav Succeeds Father.

OLSO, Sept. 21 (AP)—King Haakon VII of Norway, an old sailor who rode out the storms of invasion to reign for more than half a century, died early today in the royal palace. He was 85 years old and the world's oldest reigning monarch.

The King had been growing weaker in his fight against a circulatory ailment. Death came shortly after a heart ailment developed at 4:30 a.m. (10:30 p.m. yesterday, St. Louis time.)

Crown Prince Olav, regent of the realm since his father broke a thigh bone in a fall in 1955, immediately became the new King—Olav V.

There will be no coronation. Norway's constitution provided that Haakon was to be the last King formally crowned in coronation ceremonies.

Olav submitted a written statement to a special Cabinet meeting saying he had succeeded his father.

Succession Oath.

"I promise and swear I will rule the monarchy of Norway in agreement with its constitution," the statement said.

The 54-year-old Olav must repeat the oath orally after a new Parliament is convened in January.

Olav's son, Prince Harald, received the title of Crown Prince upon his father's automatic ascension to the throne.

A medical bulletin said the stately 6-foot 3-inch King, who had been receiving intravenous feeding because of a throat catarrh condition, slept soundly until a few minutes before his death.

Haakon was the only European monarch of his time to gain his crown by popular vote. He also was Norway's only King since it dissolved its union with Sweden in 1905.

In July 1955, a few days after a state visit to Norway by Britain's Queen Elizabeth, Haakon slipped and fell on his bathroom floor and broke a thigh bone.

After that, the formerly spry and energetic monarch did not appear in public.

Funeral Oct. 1.

A palace announcement said funeral services will be held Tuesday, Oct. 1. No other details concerning the funeral were announced.

Kaare Fostervoll, head of the Norwegian state radio, read a communique from this morning's cabinet meeting at the castle. The new king told the ministers he had adopted the same motto as his father, "All for Norway."

Prime Minister Einar Gerhardsen said in a tribute to the dead king:

"He had strength of character and a strong sense of justice. . . . The fact that today we have no political tension as regards the state system in Norway, is very much due to the way Haakon handled his constitutional functions.

"King Haakon was a simple man with common sense. All kinds of stiffness and royal pomp was foreign to him. He performed his representative duties with simply dignity."

In Britain, Queen Elizabeth II declared two weeks of state mourning, ending just before

SINGLE PLANE 'WIPES OUT' PART OF NATO FLEET

LONDON, Sept. 21 (AP)—A single "enemy" plane carrying a hypothetical atomic bomb broke through the NATO fleet defenses yesterday and theoretically wiped out part of the Allied striking force maneuvering off the coast of Europe, NATO headquarters reported.

The giant British liner Queen Elizabeth, sailing for New York, was adjudged torpedoed and "sunk" by the French submarine Rolland Morillot, operating as part of the Orange opposition in the exercise.

The liner knew nothing about its fate and sailed blissfully on toward New York.

The big striking force of American and British naval ships was accosted by 20 bombers from the Orange force, R. Adm. Murr E. Arnold, commander of the force, reported from the United States carrier Forrestal that 10 had been "shot down," but one of the survivors penetrated the inner defenses and flew directly over the force to execute its mission.

NEW RECORD LOW OF 102.1 BELOW AT SOUTH POLE

DAVISVILLE, R. I., Sept. 21 (AP)—A record low temperature of 102.1 degrees below zero, Fahrenheit, was recorded Tuesday at the South Pole.

Antarctic-bound scientists were told of the new mark in a briefing Thursday at the naval construction battalion center here.

The new mark is 1.7 degrees colder than the minus 100.4 recorded at the South Pole May 11. The new low was recorded by Dr. Paul Siple and his International Geophysical Year pole station crew, Dr. Harry Wexler, chief scientist of the United States Antarctic IGY program, said.

The new low came as a surprise, IGY officials said, because the Antarctic winter season is drawing to a close.

SOUTHERN FORMOSA HIT BY TYPHOON WINDS, RAIN

TAIPEI, Formosa, Sept. 21 (AP)—Southern Formosa was sideswiped by Typhoon Gloria today as the storm moved westnorthwest in the direction of Hong Kong.

The typhoon, which was moving at the rate of 14 miles an hour, roared over the waters between Luzon and Formosa. It had a radius of 100 miles, with maximum winds near the center of 115 miles an hour.

Strong wind and rain hit southern Formosa, but there were no immediate reports of damage or casualties.

BURGLARS FORCE SAFE, STEAL AT LEAST $25,000

$15,000 to $20,000 in Cash, $10,000 in Bonds Removed From Iron Firm Office.

Cash and negotiable securities totaling at least $25,000 were stolen early today by burglars who forced open a safe after cutting a hole in a wall at the Aber Iron & Metal Co., 1310 North Seventeeth street, the owners told police.

Police arrived at the establishment at 3:20 a.m., after a burglar alarm sounded. The burglars had fled with $15,000 to $20,000 in cash and two negotiable Government bonds of $5000 each, Arthur Aber, secretary of the firm, reported after being summoned from his home in Ladue.

The burglars apparently scaled a high fence and had avoided electric "eyes" in the yard which would have set off an alarm. They cut a hole in the 13-inch thick brick wall and, on reaching the office, forced the door of the safe. It was not learned how they left, or what set off the belated alarm.

Officers were told that $10,000 of the cash belonged to Miss Mary Aber, 5825 DeGiverville avenue, whose brothers operate the firm. The money had been placed in the safe pending deposit in a bank, police were told.

DEPOT SEARCHED, NO BOMB

LOS ANGELES, Sept. 21 (AP) —Police evacuated 250 persons from the downtown Greyhound bus depot early today after receiving an anonymous tip that a bomb was planted there. Officers searched the building—looking through more than 1000 lockers in the process—but found no explosives.

HUTCHINSON, Kan., Sept. 21 (AP)—The Rock Island Golden State Limited passenger train was searched here last night after a woman telephoned the railroad that a bomb was aboard the train. Policemen and FBI agents failed to find a bomb.

South Strikes Back.

HATTIESBURG, Miss., Sept. 21 (AP)—Radio station WBKH said yesterday it would discard all records by Louis Armstrong because he criticized President Eisenhower's handling of segregation problems. Station Manager F. M. Smith said he also was discarding recordings of Eartha Kitt and Lena Horne because they supported Armstrong's stand.

SUPERINTENDENT SAYS ALL ADULTS WILL BE BARRED FROM BUILDING

Governor Asserts He Will Appeal Order Enjoining Him and Guard From Blocking Integration.

BY SAM B. ARMSTRONG
National Correspondent of the Post-Dispatch

LITTLE ROCK, Ark., Sept 21 —Gov. Orval E. Faubus's helmeted riflemen, used during the first three weeks of the school term to defy court orders for integration at Central High School, were back at civilian pursuits today. The Governor, himself, was preparing to take off for Sea Island, Ga., to attend the Southern Governors' Conference as the first segregationist chief executive to feel the power of federal authority.

Faubus ordered the guardsmen withdrawn last night after United States District Judge Ronald N. Davies granted a preliminary injunction against the Governor and two high National Guard officers, enjoining them from "obstructing or preventing" attendance of Negro students at Central High School or otherwise interfering with the plan of integration approved by the Court.

Plans to Appeal.

The Governor announced that Judge Davies's decision would be appealed, but he said he would comply with the Court's order meanwhile.

As a result Central High School will be open Monday morning to the nine registered Negro pupils, whom the National Guard had barred.

"Whether these students come, or not, is up to them," said Superintendent Virgil T. Blossom after a breakfast meeting of the six-member School Board today.

Blossom said further that parents and "all adults" not regularly empolyed at the school would be barred from the school for the first few days. Asked what security steps had been taken, he replied that the matter of law and order was in the hands of the city police and such questions would be more properly directed to them.

Asked if the School Board had requested the presence of state police at the school, Blossom said it had not.

Judge's Statement.

In granting the injunction, Judge Davies said: "It is very clear to this Court from the evidence and the testimony adduced upon the hearing today that the plan of integration adopted by the Little Rock School Board and approved by this court and the Court of Appeals for the Eight Circuit has been Thwarted by the Governor of Arkansas by the use of National Guard troops. It is equally demonstrable from the testimony here today that there would have been no violence in carrying out the plan of integration, and that there has been no violence.

Gov. Faubus, who remained secluded in the executive mansion and whose lawyers walked out on the injunction hearing, preferred to be heard and seen on television rather than in the court room.

In a 15-minute talk last night he repeated his contention that his responsibility as Governor to preserve the peace was paramount to any federal authority.

Gov. Faubus used most of his television time to attack his political rivals, newspapers and magazines. He asserted that Hugh B. Patterson Jr., publisher of the Little Rock Gazette, and Harry S. Ashmore, its executive editor, had "bent every effort to contact all newsmen from out of the state who have come to Little Rock to report on the situation and to indoctrinate them with a biased and prejudiced viewpoint toward me before these reporters have had an opportunity to evaluate factually and accurately the situation."

Critical of Judge.

There were frequent references to Judge Davies, assigned to third district from Fargo, N. D., to help clear a crowded docket.

"Now that my authority to preserve and maintain the peace and good order of this community has been so greatly curtailed by this unwarranted action of Judge Davies, I can only offer a fervent prayer that the same thing will not happen here as has happened in other states in recent days."

At another point, he said: "Now is the time for the utmost precaution, forbearance and tolerance on the part of all citizens, both Negro and white, else

Russia Claims Rocket May Carry Passengers to U.S. in Half Hour

LONDON, Sept. 21 (AP)—A Soviet scientist claimed today Russia has a ballistic rocket that might take passengers from Moscow to New York in about half an hour.

Such rocket travel was discussed on the Moscow radio's North American service broadcast by a scientist identified as Ari Sternfield, a "distinguished Soviet specialist on interplanetary communications."

He said the "most suitable type of rocket for intercontenental flight possessed by the Soviet Union" was a multi-stage missile consisting of two or more rocket stages.

"A passenger ballistic rocket would be able to make the flight in a little over half an hour—or 45 minutes if anyone wished to stop off in London," Sternfield said.

Hollow Nickel Given Newsboy Helped Lead U.S. to Soviet Spy

NEW YORK, Sept. 21 (AP)—A hollowed-out nickel crammed with microfilm and collected by a youngster on his paper route aided in leading the government to Rudolf Abel, who has been indicted as a Soviet master spy.

James Bozart, 18 years old, said last night at his Brooklyn home a woman gave him the nickel and other change four years ago as payment for delivery of the now-defunct Brooklyn Eagle. Bozart said he later accidentally dropped the hollowed-out coin and it fell apart, disclosing a piece of microfilm about one-half inch square. He said he took the film which contained numbers, to police. They notified the FBI.

Bozart, enrolled as a freshman at Rensselaer Polytechnic Institute, Troy, N.Y., said he never learned whether the woman was connected with the spy ring or herself received the nickel in change.

Abel operated a photography studio in Brooklyn. A Brooklyn grand jury indicted Abel Aug. 7 on charges of conspiracy to transmit national defense secrets to Russia.

Bozart is among 68 government witnesses to be called in his trial. He said the nickel containing the microfilm actually was two nickels, one fitting over a hollowed-out side of the other.

FALL OF FRENCH CABINET AVERTED BY COMPROMISE PLAN ON ALGERIA

Political Leaders Agree to Delay Choice of Chief Executive — Financial Crisis Unresolved.

PARIS, Sept. 21 (UP)—French political leaders forged a compromise today on Algerian home rule and thus saved the government from collapse.

A government spokesman said the essence of the compromise was to cancel controversial Paragraph 2, Article 12, of the framework law which provides for a president of an Algerian federative assembly.

Instead, this will go unmentioned in the framework law. When the time comes to decide about an Algerian chief executive, which won't be for at least two years, this will be decided by law.

Premier Bourges-Maunory said the round table discussion "brought several changes and several betterments to the initial project which, in my opinion, do not modify its essence."

He called a cabinet meeting for later in the day to approve the changes.

Second Day of Meetings.

The compromise solution was reached at the second day of meetings between Bouges Manoury and France's party chieftains. There were 19 representatives of all political parties except the Communists and right-wing Poujadists. A 12-hour meeting was held yesterday.

The leaders were faced with reaching a solution or bringing on another political crisis, and there still was a possibility today's compromise may come unstuck during next week's parliamentary debate.

Another threat of trouble lay in the still unresolved economic and financial controversy.

Some observers think much rightwing opposition to the Algerian bill is only a front for deep-seated opposition to the government's emergency price policies.

Constitution Issue.

In the upheaval which would follow a new cabinet crisis in the face of so many crucial issues the ever-underlying issue of a new constitution would be expected to break into the open.

Government officials said Bourges-Maunoury warned the conference he would resign if the efforts to find a compromise collapsed.

Bourges-Maunoury told the nation six weeks ago that the treasury was empty, that paper money was rolling off the presses at an even faster rate, and that France's supply of foreign currency would not last into autumn unless the balance of trade was restored.

Finance Minister Felix Gaillard called it "the brink of bankruptcy."

Gaillard's remedy was to devalue the franc 20 per cent, pare the government's budget to the bone, and clamp a ceiling on prices.

U.S. PROTEST TO REDS ON HALTING TRAINS

Mail and Food Cars En Route to Berlin Delayed by Russians.

BERLIN, Sept. 21 (AP) — The United States protested sharply to Russia yesterday against new Communist interference with United States Army mail and food trains traveling between West Germany and isolated West Berlin.

A United States Army announcement said Russian army border guards Thursday night held up a West Berlin-Frankfurt train while an East German railway crew removed the United States mail car. The mail car was held on a siding for nearly eight hours before it was delivered with its seals unbroken to the United States Army checkpoint at Helmstedt, on the West German frontier.

A few hours later the Russians held up the Bremerhaven-Berlin train for nearly two hours. The Russians protested against the presence of eight refrigerator cars carrying perishable foods to the United States Army garrison in West Berlin.

"After bitter argument, the train was allowed to proceed to Berlin at 4:35 a.m.," the Army said.

The announcement said: "The chief of the Soviet liaison mission in Frankfurt, Maj. Gen. Ivan Suvorov, was summoned to United States headquarters and was handed a vigorous protest against the unprecedented action."

Suvorov was told to inform Russian army headquarters in East Germany "to take steps to insure that there would be no future interference with military trains. . . . These trains are guaranteed free access to the divided city of Berlin by four-power agreement."

Berlin lies 110 miles inside Communist East Germany. U.S., British and French garrisons here are supplied from West Germany by truck convoys and trains.

King Haakon

Continued From Page One.

her trip to the United States and Canada.

Was Foreign Prince.

By the United Press.

A foreign prince, who by a whim of fate was made king of a little but freedom-loving nation, Haakon VII acquired the respect and love of his new people. He became, during the second World War, a national symbol for all Norwegians fighting for freedom and independence.

Born at Charlottenlund, Denmark, Aug. 3, 1872, the second son of King Grederick VIII and Queen Louise, the young Prince Christian Frederick Carl Georg Valdemar Axel apparently had no hope of being a king.

He was educated as a naval officer and, advancing slowly, he was not promoted to the rank of captain until Norwegian statesmen offered him the crown of Norway. Norway had broken away from Sweden, with which it had been united under the crown of the Bernadottes since 1814.

Prince Carl married Princess Charlotte Mary Victoria Maud, youngest daughter of King Edward VII and Queen Alexandra of England, in 1896.

They had one child, Crown Prince Olav, born July 2, 1903. Queen Maud died Nov. 20, 1938.

Chosen by People.

On Nov. 12 and 13, 1905, a plebiscite was held and the Norwegians decided by an overwhelming majority to have a monarchy with the Danish prince as their sovereign. A few days later Prince Carl was elected king by a unanimous Storting (parliament).

As king Carl assumed the name of Haakon VII. During his reign, he always strove to maintain a position above the struggles of internal politics.

When the Germans invaded Norway in April, 1940, and troops were landed at Oslo's airfield, Haakon was forced to leave his capital, accompanied by his government and members of the Storting.

During the Norwegian campaign, Haakon moved from place to place in his country, always with the Germans on his heels, until he left for Britain aboard the British Cruiser Devonshire from Troms on June 7, 1940.

As he said after his return to Norway:

"We knew perfectly well that we could not risist the powerful Nazi Germany very long. But we wanted to be able to face the eyes of our descendants and say: 'We did all that we could.' That is the reason why we rejected the German proposals."

Haakon scornfully rejected demands from the puppet Quisling regime that he return to Oslo. After the war Vidkun Quisling, Norway's arch traitor, was executed by a firing squad. The King rejected a plea for mercy made in Quisling's behalf by his wife.

In London, King Haakon spent the remaining years of the war, leading the Norwegian forces overseas and the underground forces in German-occupied Norway.

He returned to his country on June 7, 1945, five years after he had started his exile and the anniversary of the repeal of the union with Sweden of 1905. He was welcomed by hundreds of thousands of people.

After the war Haakon traveled widely in his country, showing a deep interest in the reconstruction of the devastated districts.

The king was deeply interested in practical science and was a regular guest at the Norwegian Technical Society.

DEBATE ON NEED FOR RED INQUIRIES

Government Lawyers Hear Call for End of Two Congressional Committees.

WASHINGTON, Sept. 21 (AP) —Lawyers advanced rival contentions yesterday that the Supreme Court has set impossible conditions for investigating Communists, and that congressional committees which do the investigating should be put out of business.

These conflicting views were voiced at the annual convention of the Federal Bar Association by Robert Morris, counsel for the Senate internal security subcommittee, and Joseph L. Rauh Jr., Washington attorney and vice chairman of Americans for Democratic Action.

Rauh urged abolition of both the internal security subcommittee and the House Committee on Un-American Activities. Rauh said the committees could not be reformed. He said they seek "to stifle criticism," have "injected themselves into the political arena" and set a bad example for similar state and local committees.

In addition, Rauh said, the time "has long passed when they have any useful service to perform," and their abolition "would signal at home and abroad the true end of McCarthyism."

Morris Contention.

Morris contended that at a time when Soviet power is rampant, rulings by a majority of the Supreme Court have leveled "most of the erected barriers against Soviet infiltration" set up by Congress.

Congress, Morris said, has the obligation to learn the underlying facts of the Communist conspiracy in order to legislate intelligently but the Supreme Court has "endeavored to deny to Congress the right and the power to acquire facts necessary to making laws."

Unless "certain impossible conditions are met," Morris said, Congress cannot require qualified witnesses to testify about details of the Red conspiracy. He called this "extraordinary usurpation" of the legislative power by the Supreme Court and said that "the role of 'grand inquisitor' and 'superintendent of congressional investigations' ill becomes our judiciary."

Morris contended that it is the responsibility of Congress to "undo this damage." In contrast, Rauh said judicial review of congressional investigations isn't enough—"the time has come for Congress to take a hand" and abolish the two committees.

Government Attorneys.

Morris and Rauh debated their points at a general session of the association, an organization of some 5000 present and former government attorneys.

They had decidedly different opinions about the Watkins case, in which the Supreme Court held that Congress has no power to expose for the sake of exposure and that witnesses have a right to know how questions they are asked serve a legislative purpose.

Rauh upheld the decision and said that the Internal Security and Un-American Activities Committees still have continued, since it was handed down, "to act on their old asserted power of exposure."

Morris said that in the Watkins case, among others, "an aggressive majority on the Supreme Court" invaded a province of Congress and tried to deprive it of the right to acquire facts."

3 KILLED AS TRUCK UPSETS

FREDERICKTOWN, Mo., Sept. 21 (AP)—Three Marquand (Missouri) youths were killed yesterday in the overturning of a truck.

Raymond Earl Tucker, 19 years old, and Jesse Westmoreland, were killed instantly. Herbert Westmoreland, 20, a brother to Jesse, died several hours later at a hospital in Ironton, Mo.

GROMYKO'S U.N. TALK ANALYZED FOR SYRIA CLUES

West Regards Address as Unexpectedly Mild — Move to Aid Jordan, Lebanon.

By ALVIN H. GOLDSTEIN
A Staff Correspondent of the Post-Dispatch.

UNITED NATIONS, N.Y., Sept. 21—Members of Western delegation and their supporters in the United Nations were engaged today in conferences to reach conclusions on the Soviet attitude on Middle East conflicts as reflected in the address to the General Assembly yesterday of Russian Foreign Minister Andrei A. Gromyko.

All were agreed that the Soviet diplomat's speech was unexpectedly mild, especially in discussing the situation in Syria. Moscow and the West exchanged counter charges that the Syrian turmoil was caused by "foreign intervention," and that tensions in Arab states also were due to outside pressures.

Although both United States and Soviet spokesmen declared the threat of war existed in the turbulent Middle East, neither proposed any U.N. action except to debate the subject. One Western source declared that although Syria presented "a dangerous and explosive situation, talking in itself is a healthy thing to do."

Virtual Dare to U.S.

The United States has "reserved the right" to offer concrete proposals to curb Russian infiltration by arms and political influence in Syria and in the Middle and Near East. Gromyko, in effect, dared the United States to put the issue before the Security Council or the Assembly as a problem threatening world peace.

It was learned that non-Communist leaders were less concerned with a Soviet arms build-up in the Middle East than with the seeming success of inducing Syria, Egypt and perhaps others, to accept Kremlin world policies. They intend to extend every effort, in and out of the U.N., to bolster the states of Lebanon and Jordan, chiefly by economic assistance.

Syria, in the words of one highly-placed Western diplomat, may already be considered in the Russian grip—a Communist dominated country equipped with Soviet arms manned by Soviet technicians and the beneficiary of Moscow economic aid. The chief Western objective, he said, is to "build up the nerve of its neighbors," to provide a buffer against Communist infiltration.

Items on U.N. Agenda.

The New York Herald Tribune-Post-Dispatch Special Dispatch.

NEW YORK, Sept. 21—The U.N. General Assembly voted yesterday to include in its agenda five controversial items involving issues of alleged colonialism and treatment of national minorities.

The items included are:

"The question of Cyprus," which is seeking independence from Great Britain; "the question of Algeria," which seeks to obtain independence from France; "the question of West Irian (West New Guinea)," the Dutch-held territory for which Indonesia is seeking to obtain sovereignty; "the question of Apartheid in the Union of South Africa," and "the treatment of people of Indian origin in the Union of South Africa."

By the Associated Press.

Arab diplomats are reported to have swung behind a proposal by Ireland's Foreign Minister Frank Aiken that a U.N. commission be named to promote "reconciliation and economic betterment" in the Middle East. Arab leaders were said to have been impressed by the fact that Aiken did not appear to side with either East or West, but spoke in neutral vein.

Aiken called on the East-West powers to "abate their diplomatic competition" in the Middle East lest they spark a third world war.

Aiken also appealed to France to give up its struggle to hold Algeria and give the world a new example of "inspiration, of an imaginative and magnanimous action."

Allen Dulles Says Soviet Union Heads for Military Dictatorship

CIA Director Believes Russians Will Free Selves From Communism, but Leaders May Start War to Retain Power.

By DON WHITEHEAD
The New York Herald Tribune-Post-Dispatch Special Dispatch.

WASHINGTON, Sept. 21 — Communist party boss Nikita Khrushchev is sitting on a volcano of unrest in Russia today which may soon explode to blow him out of power, destroy the "collective leadership" of the Communists, and eventually lead to a military dictatorship of the Soviet Union.

These are the conclusions of America's top-ranking intelligence expert, Allen W. Dulles, based on a long study of secret intelligence reports which have poured into Washington from around the world.

Dulles is director of the super-secret Central Intelligence Agency and seldom if ever before has he revealed publicly such a detailed estimate of what may be expected to happen inside Russia.

In this estimate, the CIA chief sees the Russian people themselves finding a "peaceful answer" to achieving freedom from Communist dictatorship—but with a danger of the communist leaders launching war to keep themselves in positions of power.

'Initial Fervor' Lost.

In any event, Dulles believes that the international revolutionary Communist movement has lost its "initial ideological fervor"—particularly in the Soviet Union—and that it now can command the loyalties of governed people only by "resort to the cruel barbarities of mass terror."

Dulles, a brother of Secretary of State John Foster Dulles, made his analysis of the situation in Russia in an address delivered Thursday night to the annual meeting of the Advertising Council, Inc., in San Francisco. It was made public yesterday by the CIA.

Dulles said radical changes are taking place in Soviet Russia "and more are in the making," and then he added:

"The initial ideological fervor, I belive, is seeping out of the international revolutionary Communist movement, particularly in the Soviet Union. Marxism was not designed for the atomic age of the mid-Twentieth century.

"Communism has failed to devise a political system capable of commanding the loyalties of governed people without resort to the cruel barbarities of mass terror. . . ."

Presidium Is Split.

Even now, he continued, the ruling clique of the party—the Presidium—is split by "bitter personal rivalries and basic differences of philosophies and outlook (which) remain unreconciled."

As for the future of the "collective leadership" which came into being after Stalin's death, Dulles said: "The ultimate authority to make crucial decisions must rest firmly somewhere and that somewhere is unlikely for long to be in a collective."

He emphasized that the Army, represented by Marshal Georgi Zhukov, has moved into position of power and suggested the Presidium no longer can "deal with recalcitrant members" without the Army's support.

Referring to the Kremlin struggle last July in which Khrushchev—with the backing of Marshal Zhukov—emerged triumphant over V. M. Molotov, Lazar Kaganovich, Georgi Malenkov and others, Dulles said "it was a question of power politics" and not an ideological struggle.

Under the industrial decentralization program being pushed by Khrushchev, Dulles said "only two members of the Presidium are in a position to exercise real influence—Khrushchev, through his control of the party machinery throughout the Soviet Union, and the military, presently represented by Marshal Zhukov."

Dulles pictured Khrushchev as a man teetering on a precarious perch and threatened by overthrow himself if his huge agricultural program fails—and if he permits the people behind the Iron Curtain too much freedom.

Then he made the point that in speeding up education in the scientific and technical fields, the Communists may have sowed the seeds of their own destruction because "education . . . is a dangerous commodity for a dictatorship."

"Men and women who have their critical faculties sharpened," he said, "are beginning to question why the Russian people cannot be freed from rigid Communist party and police-state discipline, gives a greater economic share of the fruit of their labors, and allowed to participate—at least by an effective expression of consent—in their own governing."

Reason for Belief.

In voicing his belief that the wave of Communism has passed its peak in Russia, Dulles said:

". . . The force of ideological Communism seems weakest in those countries like the U.S.S.R. where it has been the longest in control. It has its strongest appeal to the minds of those peoples in the underdeveloped areas of the world where they have had no practical experience with it."

He likened the Communist revolution historically to the French revolution which led eventually to "the access to power of the military man on hourseback, Bonsparte."

And he added: "There is, naturally, considerable speculation these days as to whether this last phase of the French revolution will be repeated in the case of Soviet Communism. I have no crystal ball, but certainly military dictatorship is one of the possible lines of evolution in the Soviet Union."

Pertinent Questions.

In discussing courses which may be pursued by Khrushchev and his associates, Dulles asked these questions:

1. "Will they meet it by further relaxation, thereby increasing the moral and industrial potential of the Soviet Union itself, but risking the loss of the satellite states?"

2. "Will they attempt a reversion to something like Stalinism under another name as some of the tough, uncompromising language and actions from Moscow of recent days would suggest?"

3. "Or will they be tempted to risk foreign venture with a view to uniting their people and their energies to meet alleged enemies they claim are encircling them?"

SYRIA ANGERED BY DULLES BUT SHOWS CAUTION

Premier Assali Cites Statements in Talk as Indications of Hostile U.S. Intent.

By WILLIAM L. RYAN

DAMASCUS, Sept. 21 (AP)—Secretary of State John Foster Dulles's speech before the United Nations has aroused angry official reaction in Syria. But indications today were that Syria and the Soivet Union are proceeding with extreme caution to prevent the situation from growing to a dangerous crisis.

Premier Sabri Assali and Foreign Minister Salah Bitar denounced Dulles's statement as a new indication of hostile United States intentions toward Arab countries.

(In his speech to the U.N. General Assembly Thursday, Dulles called on the U.N. to exert its influence in the Middle East, saying Soviet arms in Syria raised military dangers.)

Bitar, before taking off for New York to head the Syrian U.N. delegation, demanded to know where was the great Syrian arms buildup of which Dulles spoke.

The Syrian arms buildup appears to be a long way from big enough to permit this country to launch any offensive action in any direction. Though soldiers are much in evidence here, much of their equipment still is of prewar vintage, and Syria seems to have a long way to go before replacement is complete.

In addition, there is the question of whether the Soviet Union intends to permit offensive action to take place at this time, and threaten a third world war.

Bitar claimed Dulles based United States military and political strategy on a policy of ignoring the existence of small nations and their problems, and views all questions only in the light of Soviet intentions.

In the midst of this controversy, the Soviet cruiser Zhdanov and destroyer Svobodny arrived at Syria's Mediterranean port of Latakia today on a courtesy visit. Syrian naval units greeted the Red vessels with a 21-gun salute.

(There was no confirmation of a Cairo newspaper report that Syria had expelled five more Americans. Three embassy personnel were ousted by Syria Aug. 12 on charges of anti-government plotting.)

QUEEN TO WEAR DIFFERENT OUTFIT IN EVERY CITY ON TRIP

LONDON, Sept. 21 (AP) — Norman Hartnell, Britain's royal dressmaker, said last night Queen Elizabeth II plans to wear a different outfit in every city on her American tour next month.

He said he must maintain official silence on other aspects of the Queen's fashion preparations. He declined to say how many dresses she will take.

Hartnell on a television program disclosed that the Queen never chooses clothes from his general collections "because of the risk of running into some lady wearing the same dress."

TIME STUDY STOPS FACTORY

LONDON, Sept. 21 (AP)—An efficiency expert was spotted peering through a window of an electrical equipment factory yesterday to check on workmen at their benches—and 1300 employes promptly struck.

Union leaders said the men objected to the expert prowling the plant with a watch in his hand to produce a time-and-motion study.

TRUMAN SAYS GROMYKO LIES AS MATTER OF PREFERENCE

KANSAS CITY, Mo., Sept. 21 (UP)—Former President Harry S. Truman, commenting on the Soviet Union's latest proposals in the United Nations, said yesterday that Soviet Foreign Minister Andrei Gromyko "never told the truth in his life when a lie would do just as well."

"I've told that to Gromyko himself, so I'm not speaking out of line," Truman told a luncheon meeting. "You can't trust the Communists across the street. They'll look you in the eye and lie to you and hope you believe their treachery."

Truman, speaking on the Constitution, said that failures to uphold human rights in the United States is almost as dangerous as the Communist threat.

WILLIAM WOODWARD ESTATE NOW VALUED AT $12,412,886

NEW YORK, Sept. 21 (AP)—William Woodward Jr., sportsman, left an estate now valued at $12,412,886, according to a report on file in Surrogate's Court, by the guardian of his children.

The executors of the estate recognized the claim of his widow, Ann, to furnishings valued at $66,051 in their New York and Oyster Bay (N.Y.) homes.

Mrs. Woodward shot and killed her husband in the Oyster Bay house Oct. 30, 1955, when she mistook him for a prowler.

The report was filed yesterday by Harold H. Corbin, guardian for the two Woodward children, James and William III. Corbin approved the estate's accounting by John W. Ludewig and the Hanover bank, executors.

Woodward left two-thirds of his estate to Mrs. Woodward.

NUCLEAR SHOT POSTPONED

ATOMIC TEST SITE, Nev., Sept. 21 (AP)—Adverse weather last night again caused the postponement of the nuclear shot named Whitney.

The test was scheduled for 5:30 a.m. today. The AEC rescheduled it for the same time tomorrow. Whitney will be fired from a 500-foot high tower and will have a force equal to about 10,000 tons of TNT. The blast, No. 22 in the current series, will be closed to reporters.

DUTCHMAN WINS WORLD PLOWING CHAMPIONSHIP

© New York Times News Service

PEEBLES, O., Sept. 21—A 37-year-old Dutchman, who said he seldom plows at home, won the world plowing title yesterday. He is Willem de Lint of Zebenbergschenhoek, The Netherlands.

His victory climaxed the first world's conservation exposition and plowing contest held in the United States.

Plowing straighter, cleaner and more compact furrows, De Lint topped 26 other contestants from 14 countries, including the United States. Runner-up was John Mason, 20-year-old farmer from Derbyshire, England. Third place went to Arvo Jokinen of Finland.

The American national contour champion, Lawrence Goettemoeller of Mercer county, O., placed ninth. The United States level land champion, John C. Daniels of Fayette county, Ill., was twenty-first among the contestants.

The "Golden Plow" symbol of the world's title was presented to De Lint last night at a wind-up banquet by Mrs. C. William O'Neill, wife of Ohio's Governor.

CIRCUIT JUDGES APPROVE SITE FOR CHILDREN'S DETENTION HOME

Action Follows Metropolitan Youth Commission's Indorsement of Probation Association's Proposals.

An area bounded by Vandeventer, Spring, Bell and Enright avenues, which includes the western half of Vandeventer place, was approved yesterday by the circuit judges as the site of the proposed children's detention center.

The site, which is directly west of the Cochran Veterans Administration Hospital, already had been recommended by the joint building committee of the juvenile court and Board of Children's Guardians and in a survey by the National Probation and Parole Association.

The action was taken by the judges, who met in general term session, after receipt of a letter from the Metropolitan Youth Commission indorsing in full the probation and parole association survey recommendations.

$1,000,000 Earmarked for It.

A total of $1,000,000 was earmarked for the center in the 1955 bond issue. It would replace the Children's Building at 1321 Clark avenue and would house the detention home facilities and offices of the Board of Children's Guardians.

Final approval of the Vandeventer place site, which comprises nine and seven-tenths acres, still must be given by the City Plan Commission and city officials. The Board of Aldermen would have to approve it in an ordinance appropriating the funds.

It was estimated that $250,000 would be required for acquiring the property and demolishing buildings now on it. The city already owns 2.3 acres of Vandeventer place. Most of the old mansions there have been converted into rooming houses.

Under the bond issue, $2,150,000 was allocated for children's guidance facilities. Included in these facilities would be a Juvenile Court building.

The letter from the Metropolitan Youth Commission, which called on the circuit court to accept all of the National Probation and Parole Association recommendations "that come within the legal and financial framework of the juvenile court," also pointed out specific recommendations the group said should be put into effect as soon as possible.

Association's Proposals.

These recommendations were:

Appointment of additional administrative personnel, particularly a director of court services.

Reorganization of the juvenile court staff with supervisory personnel and additional employes, both juvenile officers and clerical workers.

Complete revision of custodial care given children at the House of Detention as soon as details can be worked out for needed personnel and necessary physical changes in present facilities.

Consideration of a longer-term assignment of "the best qualified judge" of the juvenile division and, if possible, reduction of his other duties.

Establishment of minimal educational and experience qualifications for additional workers and establishment of an examining board for selection of personnel.

Immediate start of the rehabilitation program within the juvenile court and House of Detention. The judges were asked to determine the estimated cost of putting the recommendations into effect and to request funds from the Board of Estimate and Apportionment.

Authorization for the juvenile court judge to co-operate with the police department in establishing rules governing the taking into custody of children and their care.

The letter was signed by Mrs. Arthur Stockstrom, chairman of the commission.

Citizens' Committee Urged.

In another letter to Circuit Judge John Casey, Edwin J. Putzell Jr., president of the Social Planning Council, said a key recommendation for implementation of Probation and Parole Association recommendations was appointment of a citizens' advisory committee for juvenile court to improve court standards.

Another important recommendation, Putzell said, was for a continuing judge of the juvenile court. The circuit judges were urged to review qualifications of all judges and to select the man best qualified for the post.

Missouri-Illinois Forecasts

Missouri: Partly cloudy in northwest, considerable cloudiness in southeast tonight with scattered locally heavy showers in southeast; partly cloudy tomorrow; warmer in west and north tomorrow; low tonight in upper 40s in northwest to 60s in southeast; high tomorrow in 70s in north to low 80s in south.

Illinois: Diminishing cloudiness in northwest and showers ending in southeast tonight; tomorrow partly cloudy; cooler in north and west; low tonight 48 to 56 in north to 56 to 65 in south; high tomorrow 68 to 74 in north to 73 to 78 in south.

2 MEN SLUGGED AND ROBBED BY GANG OF YOUTHS

Second Victim Apparently Attacked When Hoodlums Were Fleeing First Robbery.

Two men were slugged and robbed last midnight, apparently by a gang of youths who came upon their second victim when fleeing through on alley following the first robbery.

Frank Smoley, 2627A Caroline street, was slugged from behind by four youths when walking in the 1500 block of South Jefferson avenue. The hip pocket was torn from his trousers and his wallet, containing $15, taken. Smoley, 36 years old, was treated at City Hospital for abrasions.

Witnesses told police the robbers ran west in an alley. Officers searched the alley and behind 2618 Park avenue, a short distance from the scene of the first slugging, they found John Garrett dazed and with one leg of his trousers torn off.

He said he had been knocked down by several youths, who tore a pocket containing $25 from his trousers. Garrett, 47, of 3010A Park avenue, was treated at the hospital for contusions.

Prowler Captured.

A prowler was captured early today in the home of John Younger, 5866 Lotus avenue, after Mrs. Younger was awakened by a noise and found the man in the bathroom. Younger held the intruder until police arrived.

The prisoner said he is James Waller, a roofer, living in the 1300 block of Shawmut place, and insisted he had gotten in the wrong house. He had been drinking. Police said he had entered the house after removing his shoes and the screen from a window. He was held pending application for warrants.

Robert Muench, attendant at a filling station at 2849 Goodfellow boulevard, was robbed of $75 last night by a man who held one hand in a pocket as if concealing a weapon. After taking the money the robber ordered Muench into a washroom and fled.

Police responding to a radio alarm interrupted a holdup and captured two robbers yesterday as the pair fled from the Gervich Furniture & Appliance Co., 1315 North Market street, where $331 was stolen.

The robbers had accosted Sam Gervich, the owner, placing him in a rear room unattended while they held up his sons, James and Sol, and searched for funds. Gervich got to a telephone, unobserved, and called police.

A radio report went out to all cars—"a holdup is in progress at this time"—giving the address, and officers converged on the scene.

The first to arrive were Detective Sgt. Ed Cleary and Detective Richard Lavin. They walked into the store shortly after James and Sol Gervich had been forced to go to the rear room.

The robbers jumped behind a counter, and Lavin fired once in their direction with a riot gun. The men then ran out the rear door and fled in opposite directions.

Each was caught about a block away by policemen rushing in to help.

The robbers gave their names as Leon E. Stoutt, of the 1900 block of Palm street, and Jack B. Davis, recently of Chicago. Stoutt is 21 years old and Davis 20.

Patrolmen James Connelly and Lawrence Hennessy saw Davis running, but as he was going toward a soda truck they thought at first he was a deliveryman. When he went on past it they pursued him, and he surrendered after Connelly pointed a shotgun at him.

Stoutt was caught by Patrolmen William Relling and Kenneth Noeth.

The robbers had all of the money taken from the cash register.

JUDGES WON'T ACT TO STOP VOTE IN CENTREVILLE

The action of 10 judges disqualifying themselves from presiding at an injunction hearing yesterday apparently has stymied efforts of objectors to stop a special election for incorporation of the City of Centerville, scheduled for Monday.

Four circuit judges who sit regularly on the East Side refused to hear the highly controversial proceedings, as did County Judge William P. Fleming and Probate Judge John J. Driscoll.

Circuit Judge Robert F. Cotton of Paris, Ill., came to Belleville to hear the suit in circuit court, but disqualified himself, ruling the jurisdiction was in county court.

Two prospective county judges sought by Judge Fleming turned him down. Then City Judge Frank Hanagan of West Frankfort, Ill., came to Belleville yesterday to hear the case.

He abandoned the hearing quickly after incorporation supporters charged he was prejudiced and should remove himself because of "political ramifications." Observers pointed out that Judge Hanagan, unsuccessful Democratic candidate for the Illinois Supreme Court last February, was not supported by Francis Touchette, Centerville Township supervisor and Democratic leader.

WOMAN ARTIST PLUNGES TO DEATH, EX-MISSOURIAN

SAN FRANCISCO, Sept. 21 (AP)—A woman identified as Marylee Pollock Linda, who left a note describing herself as a graduate of Stephens College, Columbia, Mo., and a former student of the Washington University school of fine arts, St. Louis, plunged to her death from the roof of a six-floor apartment house where she lived. She was 57 years old.

The note said her father, whom she did not name, was called "the strawberry king of Missouri." She said her first husband died in 1927, and her second marriage to F. Ray Linda Jr., ended in divorce in 1954 after 25 years.

Mrs. Linda, an artist, has exhibited paintings at the New York City art gallery and galleries in Los Angeles, the San Francisco area and Laguna Beach, Calif. She was a member of the Society of Western Artists and a former vice president of the Westchester Artists Guild, an eastern art group.

MOTHER ANSWERS PHONE, BABY DROWNS IN BATHTUB

Debra Grant, 9 months old, drowned last night after her mother placed her in a bathtub and then answered the telephone in their home, 1223 Jones street, police reported.

Officers quoted the mother, Mrs. Mary Grant, as saying she placed her daughters, Debra and 2-year-old Sheryl, in the tub to bathe them, but did not recall turning on the water. She answered the telephone and when she was talking, her sister, Mrs. Leolea Leonir, heard the water running, and found Debra submerged.

Mrs. Leonir administered artificial respiration until police arrived and took the child to Homer G. Phillips Hospital, where she was pronounced dead.

TRAIN HITS AUTO, 3 IN COLLINSVILLE FAMILY KILLED

Mrs. John Cobetto, Two Sons Victims — Car Apparently Stalled on Tracks.

Mrs. John Cobetto and her sons, Joe Leonard, 3 years old, and William, 2, were killed when an automobile in which they were riding was struck by a Pennsylvania Railroad passenger train at an unguarded crossing on a private road near their home, two miles east of Collinsville, yesterday.

Illinois State Police said the machine, driven by Mrs. Cobetto, was dragged a mile and a quarter before the St. Louis-bound train, moving at 60 miles an hour, could be stopped.

Mrs. Cobetto, 30 years old, had shopped in Collinsville and was on her way home when the accident occurred. The automobile apparently stalled on the crossing, which is on a steep rise near a curve in the railroad tracks, police said. Visibility down the tracks from the crossing is only 100 yards, it was stated.

Lawrence E. Conn of Terre Haute, Ind., train engineer, said that when he first saw the machine Mrs. Cobetto apparently was trying desperately to get the children out of the car.

Deputy Coroner Jule Edwards pronounced the victims dead at the scene. Mrs. Cobetto was the wife of a steelworker.

The train, en route from New York and due here at 3:20 p.m., was delayed two hours.

THREE ST. LOUISANS HELD AFTER CHASE ON EAST SIDE

An 18-year-old St. Louis woman and two young men were booked for disorderly conduct by East St. Louis police early today after a 15-block automobile chase in which the officers fired several shots, following a street disturbance near Eighth street and St. Clair avenue, East St. Louis.

Those arrested identified themselves as Miss Sandy Cook, a student, living in the 1200 block of Sidney street; Thomas Biondo, 17, 1600 block of North Ninth street, and Lawrence Randazzo, 21, 1800 block of North Market street. Randazzo, driver of the machine, was booked also on five traffic charges.

Police said the chase began after they broke up a fight in the street. Others involved in the fight fled on foot. As two officers sought to question the St. Louisans in their machine, it was started suddenly, knocking the policemen down. Other police cars joined in the chase, which ended at the toll station on Veterans Memorial bridge.

20 DAYS FOR SPEEDING, TRAFFIC LIGHT VIOLATION

James Henderson of the 1000 block of North Fourteenth street, was sentenced to serve two consecutive 10-day terms in the city workhouse yesterday after pleading guilty to charges of speeding and of violating an electric signal.

Police officers told Judge Morris Rosenthal that they pursued Henderson in a stolen automobile Thursday night, firing two shots at the car en route. Henderson lost control of the machine at Twentieth and Carr streets and the automobile knocked down 20 feet of a wooden fence on the southeast corner.

Henderson, 20-year-old clothes presser, admitted stealing the car, police said. The owner, George Granberry, 2210 Cass avenue, was reporting the theft to police when the car sped past his home, and the pursuit followed. The Circuit Attorney's office issued a warrant against Henderson yesterday charging him with operating an automobile without the consent of the owner.

TRIES TO SHOOT CHANCE ACQUAINTANCE AND IS KILLED

Paul Heron, 20 years old, was shot and killed last night by a chance acquaintance he reportedly attempted to shoot. His revolver, containing several misfired cartridges, was found by his side.

Later 16-year-old Roscoe Hinton surrendered at Police Headquarters and announced that he had "shot a man." He said he did not know Heron, who accosted him in the 3200 block of Franklin avenue and threatened him. He said he fled, but Heron chased him, snapping the trigger of a revolver. Hinton drew a pistol and fired a shot, which struck Heron in the left side.

Hinton, a Negro, lives in the 4000 block of Lincoln avenue. Witnesses told police they saw Heron, also a Negro, chasing Hinton. Heron lived in the 4800 block of St. Louis avenue.

ROBBERY WARRANT AGAINST FORMER CONVICT IN HOLDUP

An armed robbery warrant has been issued against Walter E. Nolan, a former convict, charging him with the $433 holdup of Neal Drug Store, 631 East Big Bend boulevard, Webster Groves, last July 10, and an effort will be made to extradite him from East St. Louis, St. Louis county authorities said yesterday.

Nolan, 37 years old, has been on parole under a 50-year sentence he received here in 1942 for violation of the habitual criminal statute. He was tried at that time for a 1929 holdup. He had been arrested shortly after the holdup but escaped from a deputy sheriff when being taken to court for trial.

MISSOURI DEATH FROM ASIAN FLU IS FIRST IN U.S.

Reports of New Outbreaks Pile Up, Colleges, Army Camps Affected.

NEW YORK, Sept. 21 (AP)—The first confirmed death from Asian flu in this country was reported yesterday by the state of Missouri.

Dr. H. M. Hardwicke of the Missouri health division said the case involved a chronically ill man who had been stricken by the virus in California and returned to Missouri against his doctor's advice. He did not identify the man. Dr. Hardwicke is acting director of the health division.

The United States Public Health Service estimated there have been 100,000 cases in the country to date. Reports of new outbreaks in the United States and Canada continued to pile up.

Southwest Texas State College at San Marcos was closed yesterday until Monday because of flu. The state health commissioner said predictions of a widespread Asian flu epidemic "appear to be materializing."

President J. G. Flowers ordered the college closed after more than 500 persons were stricken on the campus. There was no confirmation that the flu was of the Asian type.

In Colorado, more than 1100 soldiers at Fort Carson have been stricken with Asian flu. In Boulder, 671 students at the University of Colorado were at the infirmary with the flu.

The first cases at Fort Carson occurred some weeks ago and laboratory confirmation that it was Asian flu was made public yesterday.

Similar laboratory tests were being made in South Carolina where a respiratory infection hospitalized about half of two companies at Fort Jackson. A total of 187 men are affected.

The Public Health Service said increasing absenteeism in schools indicate spread of Asian flu in Oregon, Colorado, Mississippi and Texas. There also was industrial absenteeism in California. The report added:

"Reports of influenza in several areas of Mississippi, Texas, Utah, Oklahoma and Tennessee also suggest an increasing incidence."

In New York, the state health department has confirmed 146 Asian influenza cases upstate. There have been 12 cases in New York City since Aug. 7. The department is investigating the possibility that 1162 other cases existed in the state.

Dr. Eugene Foley, chief epidemiologist of the Quebec provincial health department, said "everything indicates Asian flu is active in Quebec." He said it was brought in by passengers aboard trans-Atlantic liners.

Two cases of Asian flu were identified in Sudbury, Ont., where the city's three hospitals were closed for fear of possible exposure of patients to flu germs.

27 Dead in England After Attacks of Flu.

LONDON, Sept. 21 (AP) — Deaths in the Midlands and north of England from bronchial pneumonia following influenza attacks rose to 27 yesterday. Eight of the victims were children.

Thirty sailors of the royal yacht Britannia were ill of flu at Portsmouth. Five British warships have backed out of the current NATO naval exercise with flu among their personnel.

WASHINGTON, Sept. 21 (AP) —The Puerto Rico Health Department estimated there were 129,400 new cases of Asian flu in the territory in the week ended Sept. 14, the Public Health Service reported today.

TWO ARRESTED IN RAIDS ON E. ST. LOUIS TAVERNS

East St. Louis police continued their drive against gambling and illegal tavern operation with arrests of two men in tavern raids last night.

Willie Houston, operator at 1701 Missouri avenue, was booked on gambling charges, police reported, after they found him running a dice game in a rear room.

John Sherrod was booked suspected of operating a tavern without a city license after police reportedly found beer on premises of his place at 912 Cutter avenue.

Japanese Movie Pioneer Dies.

SAKAI, Japan, Sept. 21 (AP) —Kazuichi Araki, 86 years old, the man who brought the first movies to Japan, died here yesterday. Araki was the first Japanese to buy a movie projector from Thomas A. Edison in 1895 which he used in an Osaka amusement park.

Hoffa Rival Disputes Gibbons, Says He'll Get St. Louis Votes

Thomas J. Haggerty Asserts 40 Pct. of Teamster Delegates From City Will Back Him for Head of Union.

By EDWARD F. WOODS
A Washington Correspondent of the Post-Dispatch.

WASHINGTON, Sept. 21 — Thomas J. Haggerty, who is running for president of the Teamsters union as an anti-corruption candidate, yesterday challenged a claim by Harold J. Gibbons, St. Louis Teamsters leader, that the votes of the 57 delegates from the St. Louis Joint Council would be cast for James R. Hoffa in the union's election Oct. 4.

Haggerty, secretary-treasurer of a 6000-member Milk Wagon Drivers local at Chicago, asserted that there will be a breakaway from the unit rule imposed on blocks of delegates from St. Louis and some other large cities by the Hoffa forces and that there will be a marked swing of the dissenters behind his candidacy. Gibbons is a close associate of Hoffa.

Says He Has 800 Votes.

Haggerty estimated he would get 40 per cent of the St. Louis vote. He said he now estimates his strength in terms of pledged votes at 800 out of a total of 1924 convention votes.

The 53-year-old Teamster's leader was here on a leg of a campaign swing which is taking him to power centers of Teamsters' voting throughout the country. He will be in St. Louis to rally support next Thursday.

Haggerty was the guest at a luncheon arranged for reporters by Senator Paul Douglas (Dem.), Illinois, who said that Haggerty "delivered milk to my home in Chicago 30 years ago and never overcharged me." He described Haggerty as a hard worker for "honest and progressive unionism," and "my good friend."

Haggerty, now 53 years old, has been a member of the Teamsters union since he was 14 years old. He was a milk wagon driver for 22 years in Chicago and was elected secretary-treasurer of the local in a clean-up drive in his local 17 years ago. Prior to that he was a rank-and-file leader of a bitter struggle to keep his local from being taken over by Capone mobsters, a battle in which the local president was kidnaped and the union was compelled to pay $50,000 ransom for his release.

The father of two sons, one of whom is studying for the Catholic priesthood, Haggerty is a member of the Chicago Board of Education and an executive member of the 500,000-member Chicago Federation of Labor.

Will Seek Secret Voting.

Haggerty said that he will attempt at the Teamsters convention, which opens at Miami Beach, Fla., Sept. 30, to have the voting in the convention by secret ballot rather than open roll call. He said he had received countless calls from delegates around the country stating they wished to vote for him but feared reprisals if they did so openly.

He asserted that neither Hoffa nor two other international vice presidents, Frank Brewster of Seattle and Sidney Brennan of Chicago, should be candidates for any office, because of their records. Hoffa was charged this week by the AFL-CIO Ethical Practices Committee with using his office for profit and coddling gangsters. Brennan has been convicted of accepting payment from an employer to break a strike, and Brewster, by his own admission a wastrel of more than $100,000 of union funds, has been convicted of contempt of Congress.

Haggerty predicted that two other anti-Hoffa candidates in the race, Thomas L. Hickey of New York and Representative John Shelley, a Democrat, of San Francisco, will throw their support to him before the balloting begins at the convention.

The Haggerty forces will challenge the convention votes of delegates from 130 "captive" locals which are under trusteeship and controlled by Hoffa henchmen. These delegates, Haggerty said, were appointed without membership approval, in violation of the union's constitution.

IMPROPER TAKE-OVER LAID TO TRUCK FIRM

It Is Charged With Gaining Control of Competitor Without ICC Approval.

A criminal information charging Chicago-St. Louis Express, Inc., 1030 South Eleventh street, with taking over control and management of another truck firm without obtaining approval from the Interstate Commerce Commission was filed in United States District Court yesterday.

The information contains 10 counts, each carrying a maximum penalty of a $5000 fine upon conviction.

Chicago-St. Louis Express, a common carrier, is alleged to have taken over control of Daisy Express Co., 1100 Armstrong avenue, on Dec. 6, 1955, and to have continued to exercise control and management. Daisy operates more than 20 trucks in interstate and foreign commerce, the information stated.

The charge is against the Chicago-St. Louis Express firm only, not its officers. John J. Burke is listed as president of the company; James K. Nangle, vice president, and George J. Frank, secretary-treasurer.

John M. Saicic is president and Mrs. Marie A. Richter vice president and terminal manager of Daisy Express.

SUPERINTENDENTS NAMED FOR 3 WILDLIFE AREAS

JEFFERSON CITY, Sept. 21 (AP)—Fay M. Grogan will become superintendent of the new James A. Reed Memorial Wildlife Area being built near Lee's Summit. He will take over at the big public fishing area Oct. 1.

Grogan has been superintendent at Trimble Wildlife Area between Kansas City and St. Joseph. Succeeding him there will be James A. German, who has been foreman at Duck Creek Wildlife area near Puxico.

Jerry L. Turner, a technician at the Hunnewell Wildlife Area in Shelby County, will become superintendent of the new Montrose Wildlife Area now under construction near Clinton.

PACKING FIRM OFFICERS

William G. Mueller Jr. has been elected chairman of the board of directors, and William G. Mueller III has been elected president of the American Packing Co. here, it was announced yesterday.

Also elected were Edward W. Olszewski as vice president, and Eugene F. Olszewski as secretary-treasurer.

TOOL, DIE SHOPS AGREE TO MEET UNION DEMANDS

15-Cent Hourly Wage Hike, Pension Plan Involved — 21 Plants Closed Since Sept. 13.

Twenty-one tool and die shop operators, members of the St. Louis Tool, Die and Machine Association, have agreed to meet union demands for a 15-cent hourly wage increase and a pension plan, it was announced today.

The 21 shops, which have been closed since picketing of some of them began Sept. 13, will reopen Monday, William N. Bachman, president of the association, said. It will be several days, however, before all employes are back at work, he added.

The owners decided to meet the demands of District 9, International Association of Machinists, in a meeting at the Coronado Hotel. Their negotiating committee was authorized to meet today with union representatives and to sign contracts.

Bachman said two of the firms employing production workers, most of them women, will attempt to have the production department excluded from the plan. These are Bachman's own company, the Bachman Machine Co., and the Marquette Tool & Die Co. Most of the production workers are women.

The association had voted to resist the union demands for a pension, which was estimated to cost about 10 cents an hour per employe, "to prevent the union from pricing St. Louis out of the national market."

In explaining the decision to accept the union demands, Bachman said, "It was futile to hold out; there is not enough production in the area to justify it." He said the independent shops had signed with the union and those that had been closed had reopened.

A majority of more than 50 tool and die shops have agreed to make the 15-cent increase retroactive to Sept. 1. The pension plan will not go into effect until next March 1.

The association had offered the union a two-year contract calling for an immediate 15-cent increase and a 10-cent wage boost the second year.

FRED A. KOELLING TO HEAD SCRUGGS CRESTWOOD STORE

Fred A. Koelling, manager of the Scruggs-Vandervoort-Barney store in Clayton since it opened in 1951, has been appointed manager of the company's new branch store in Crestwood, it was announced yesterday.

He will continue as head of the Clayton store during the period of planning and construction of the new branch, which is expected to open next summer. He lives at 37 Willow Hill road, Ladue.

LETTERS FROM THE PEOPLE

Where a Park Is Needed

To the Editor of the Post-Dispatch:

I notice reports that the proposed St. Louis county park, part in Kirkwood and part in Glendale, is meeting opposition.

I favor the park and favor it heartily.

At the risk of over generalizing, I venture an opinion that the opposition is spearheaded by the same people whose shortsightedness brought about our critical present day need for recreation space. They moved into St. Louis county 10, 15, 20 or more years ago when open country was plentiful.

"Who needs parks," they said, (if the subject ever came up) "with all this space?" At that time they were right as rain. Their children grew up with plenty of room to play baseball, football, anything.

Today the space on which their children played is subdivided and full of homes, cheek to cheek. While it might have been set aside for park purposes a decade or two ago at little cost, the law of supply and demand has now upped the price to a level that staggers the old timers. They paid $1000, or less, for their land and anything more is "exorbitant."

I grew up in the City of St. Louis. With all its faults, it gave me benefits that I'm sure definitely aided my physical and spiritual development. Among them were (1) A small park a block from home. There I played softball, climbed trees, played tennis, wrestled and sledded. (2) A larger park a dozen blocks from home. There I bicycled, explored and tarried past dinnertime many an afternoon.

Today my children live in a, for them, poorer neighborhood, to my way of thinking. There isn't a tennis court within miles. The closest baseball field is a mile away.

Space between houses is fine and I appreciate the luxurious privacy. If I move to a larger home, which my growing family may force me to do, it will not be one of the manor houses built by the oldtimers who now oppose park space for Glendale and Kirkwood. Instead my entry into the market for homes will have its small effect to bolster the market for homes in "the city"—the city of parks—St. Louis.

LEO J. REID JR.
St. Louis county.

Taxes and Rights

To the Editor of the Post-Dispatch:

If the colored folk of the United States are required by law to pay taxes and serve in the armed forces, isn't it only justice that they should have access to all tax-supported institutions? If these people are to be denied the privileges of citizenship, then let us relieve them of all public responsibilities.

WAYNE E. ROPER.
Collinsville, Ill.

Long Live the Muny

To the Editor of the Post-Dispatch:

Mr. "Long Live Broadway" asserts that audience size should be the basis for choosing shows for the Muny Opera. Since the Broadway-type shows of this past season drew larger audiences than the operetta-type, he feels we should rid our stage of ". . . these stodgy operettas with beards a mile long. . . ."

Mr. L.L.B. overlooks the fact that if audience preference had been the criterion for selection in the past, the Broadway-type shows wouldn't even be at the Muny right now.

L.L.B. obviously doesn't remember the acres of empty seats that used to greet Muny productions of Broadway shows. Possibly he didn't sit there, as I did, and watch audiences walk out on fine productions of "On Your Toes," "Lady in the Dark," "Knickerbocker Holiday," etc.

If the Muny Opera management then had felt the way L.L.B. does now, it would have eliminated Broadway shows from the stage. Instead, it started a program of slowly, carefully and intelligently conditioning the audience to enjoy this type show. As a result, last season saw six well-attended Broadway shows at the Muny.

The Muny Opera management is as knowing and responsible a management as can be found anywhere in the world. Therefore, I believe it is its responsibility to lead, not follow, the audience's taste.

As a lover of both types of shows—operetta and Broadway—I fervently hope that the Muny accepts the responsibility of continuing to present both types side by side.

I'll make a bet that long after such momentary successes as "Can-Can," "Damn Yankees," and "Plain and Fancy" have disappeared, audiences will still come to hear the lovely music of "New Moon" and "Naughty Marietta."

And perhaps—along about then—somebody will lodge a complaint in this column about the Muny presenting such stodgy and old beard-bearers as "Guys and Dolls" and "South Pacific." GEORGE WALL.

Gains and Losses

To the Editor of the Post-Dispatch:

William C. E. Becker has a point when he says there is unfairness in the method of financing certain areas of the Metropolitan St. Louis Sewer District program. As is more and more the custom, some will have gains for which others pay. And some who have paid will pay again.

In view of the fact that this situation was sure to happen it should have been guarded against. The old American custom, now pretty old in St. Louis, of setting up benefit districts so more people could pay fairly for what they get in sewer benefits, would have gone a long way in assuring fair play to most people.

NOAH D. ALPER.

Law Again in Arkansas

A crusty little judge who did not mind being on the firing line has now done more to uphold the Constitution than the President could do by persuasion. Gov. Faubus says he will obey Judge Ronald Davies's new injunction, but will appeal it. Meanwhile he has withdrawn the troops that for three weeks prevented execution of the court's order for school integration at Little Rock. Law again prevails.

A week ago the Arkansas Governor met with President Eisenhower at Newport. The meeting was held at the Governor's request. He had already indicated that he might submit to the federal law on public school integration by saying it was his "desire" to comply with the court order.

Here was an unsought opportunity for Mr. Eisenhower to use the prestige as well as power of his office to achieve a settlement of the Little Rock integration dispute and to establish the superiority of federal law over the whim of a state Governor.

It is obvious now that the opportunity was lost and the Newport conference was a failure. The President did not convince Gov. Faubus that his position was untenable. He did not induce the Governor to obey the general injunction which was already in effect, or to withdraw his troops voluntarily before being personally enjoined. If the President had persuaded the Governor to do these things, they would have been done before the court hearing Friday. The President's expression of disappointment on Thursday shows that he had expected action by then.

* * *

As can now be seen, Gov. Faubus had determined when he asked for a conference with the President that he would have to back down. But, anxious to do so with as little political damage as possible, he sought to create a picture of himself as being overwhelmed by federal power—and he used a conference at the White House to help build up that picture.

What made his retreat inescapable, clearly, was not executive leadership by the President, but the inflexible devotion to law of Judge Davies. The Administration can claim credit for preparing the legal case on which the Judge rendered his injunction. But Judge Davies takes the credit for ordering that to be done. Had he weakened or wobbled on his conviction that law must be supreme, the outcome might have been different.

The Governor's cause is lost, legally, not only because of this courageous federal judge but because the Governor's case against federal jurisdiction has already been settled. In 1932, after a Governor of Texas used militia and martial law to try to override a federal court decision, Chief Justice Charles Evans Hughes, speaking for the Supreme Court, set aside the Texas Governor's argument that federal courts had no power to review his actions.

If the courts had no such jurisdiction, said the Chief Justice, "It is manifest that the fiat of a state governor and not the Constitution of the United States, would be the supreme law of the land."

Chief Justice Hughes went further and said that if there were a threat of violence over a federal court order, the Governor's duty was to uphold the court, not obstruct it.

* * *

As Walter Lippmann has said, this is not an issue for compromise. Nor is the issue met by President Eisenhower's talk of "explanation, understanding and moderation"—three words which he employed on the eve of the Arkansas showdown. The Little Rock school integration plan was perhaps the most moderate that could be devised, yet Gov. Faubus blocked it.

It was the apparent reluctance of the President to act—and more than that, to speak out against Gov. Faubus's prejudice and to speak up for outraged citizens—which has caused an angry and distressing lack of confidence in him among such Negro leaders as Louis Armstrong and Jackie Robinson, who heretofore have presented our nation's answer to Communist propaganda about "unequal rights" in America.

All eyes will be on Little Rock Monday, when the handful of Negroes who were forcibly kept out of Central High School presumably will again seek to exercise their constitutional rights. As President Eisenhower properly emphasizes, the community and the state have a most solemn obligation to make the transition peacefully and in good faith. The most solemn responsibility of all rests on Gov. Faubus. For it was his lawlessness which created much of the tension and ugly feeling that evidenced itself during these three weeks while his troops were executing their unconstitutional task. Little Rock now has the task of undoing what Gov. Faubus did.

'Bold and Energetic'

If Metropolitan St. Louis is to enjoy a dynamic and prosperous economy and highly satisfactory living conditions it must be willing to take bold and energetic action.

The St. Louis area cannot long afford to stand still while its competitors are growing rapidly. It must progress or it will soon decline.

To further the growth and prosperity of the metropolitan area, more industry and commerce must locate here.

These three quotations from the Metropolitan Survey report bear directly upon plans for redevelopment of the Mill Creek Valley area, which have now been formally approved by commissioners of the Land Clearance Authority.

As the Survey pointed out, much of the new industry that is necessary for the well-being of the metropolitan area as a whole must be located in the county, since city sites are few and often inadequate. Yet the city must make its proper contribution. To do so it must redevelop slum areas and make them fit for industrial use.

That is where the Mill Creek plans come in. For the good not only of the city but of the whole metropolitan area, an early start toward realization of those plans is imperative. The sooner dirt flies in Mill Creek Valley, the sooner the city will be taking that "bold and energetic action" which the Survey found so necessary to this community's future.

Something to Worry About

South Carolina's Greenville County Beef Cattle Association at its annual dinner served no beef. No oysters were served at the Colchester Oyster Feast in England. The Bavarian Farmers' Association says Germans are eating less and less German sauerkraut.

These items reported by Sherman J. Oehl in *The New York Times* a while back no doubt were intended only to show how amusingly odd this so-called human race can be. But prolonged pondering suggests there may be more—or less—here than meets the eye.

It is a well known fact, of course, that most "comics" are not comic. Brewers at their conventions drink almost anything but beer. Candymakers, it is said, never eat candy. These look like signs of a spread of the philosophy which "lets George do it." But what if George decides to fall in with the trend? What if he stops doing anything at all? We leave it to economists to agitate over the prospect of an economy of all producers and no consumers. A more sinister worry assails us:

What if the slugging Cardinals stop slugging?

Expressways and Rapid Transit

The Citizens Metropolitan Transit Committee has cautiously suggested an important policy question with respect to the new expressways for the St. Louis area. Are we overlooking an opportunity to make these expensive highway facilities of maximum use to the public as a whole—instead of merely to those who own automobiles?

Behind the committee's concern is a belief that the expressways now scheduled for St. Louis have been designed without thought to their possible use by rapid transit vehicles. The committee says that the St. Louis expressways generally are being built on rights-of-way that are inadequate to the use of rapid transit in their center strip. Or in the case of those with adequate center strips, their "design plans do not contemplate the allocation of space for segregated rapid transit."

In Chicago the center strip of the Congress street expressway is being utilized for a rail rapid transit line. Chicago in effect paid for this strip. Every rapid transit rider on that line probably will represent one less automobile crowding the expressway.

The heavy cost of expressways is justified on the basis of time saved by their users. If the existence of rapid transit in conjunction with an expressway can help ease the pressure of automotive traffic on the expressway, as it can, then space for such a facility obviously ought to be provided. Both the motorist and the transit rider stand to gain.

The Missouri State Highway Commission has recognized the need to make the expressways serve a wider public than the motorist alone. It has approved the construction of bus turnouts, or loading platforms, at key points on the St. Louis area expressways. In this case, however, the bus would be mixed with regular expressway traffic, and in rush hours that obviously means delays for all concerned.

There is no question that in future expressways provision should be made for segregated rapid transit, bus or rail. But since rapid transit is essentially a local responsibility, the community cannot fairly demand that state and federal highway funds bear the whole cost. Means should be developed by which the beneficiaries of rapid transit, as represented by a transit authority or metropolitan government, can co-operate with the highway builders to make sure that expressway space is available for rapid transit when needed.

The Annual China Struggle

Under the feverish command of the American delegation, the barricades of the United Nations have once more been successfully defended from Communist Chinese assault.

Although India this time led the struggle to get the Assembly to discuss the seating of the Peiping regime, Britain supported the United States in opposition. The combination of American and British blocs was enough to defeat the combined Soviet and Asian-African blocs. And so, for one more year at least, the Assembly steering committee has refused to take up the seating of a government which for eight years has ruled 590,000,000 inhabitants of the China mainland.

Yet the circumstances of the contest give clear warning that the day will come when the United States can no longer persuade the Assembly to exclude a government representing nearly one fourth of the world's population.

Before that time comes, will it occur to anybody in authority in the State Department to ask whether this annual struggle is worth what it costs? The truth is that each year our country looks a little sillier in its insistence that the U.N. shall share our refusal to admit Peiping's existence. Each year, the reasons our government has advanced for its stand become a little more unrealistic.

China's participation in the Korean war is frequently cited as a disqualification. But China is not waging war in Korea now. And if China is to be punished for having once waged a war which most U.N. members condemned, then on the same principle Britain, France and Israel would have to be expelled for their adventure in Egypt.

Would it not be wise for American policy makers to draw up a cool calculation of what is gained and what is lost by pursuing this automatic anti-Peiping policy in the Assembly year after year? A sober balance-sheet might show the time has come for a better policy.

A Prosecutor on the Fifth

United States Attorney Paul W. Williams of New York offers a reason or two for the current disrespect for the Constitution—reflected in the amazing information, recorded on this page the other day, that many Americans, given the opportunity, would not accept parts of it.

Mr. Williams blames certain congressional committees and certain lawyers for "bringing the Constitution into disrepute." He believes disrespect is fostered when committees—especially in front of television cameras—force an individual of bad repute to invoke the Fifth Amendment many, many times even though it is clear from the start that the witness will not answer. Once should be enough.

Mr. Williams is a prosecutor, yet he does not like to see the Amendment presented over and over as though it were but a device of the guilty for frustrating the law. Why spread by endless repetition the false impression that but for the Fifth Amendment a wrong-doer soon would be brought to justice?

Other thoughtful lawyers have criticized congressional committees for bringing about repeated use of the Amendment by asking questions to which they already have the answers. This, it is felt, is an abuse of the information-seeking power of Congress. It serves no legislative purpose. It is, instead, a form of public punishment—an exposure to public disapproval. And it is the business not of Congress, but of the courts to try and to punish.

Mr. Williams also rebukes lawyers who advise clients to invoke the Fifth Amendment merely to avoid testifying. It may be used properly only to avoid self-incrimination. When there is no danger of that, Mr. Williams believes, the state is entitled to testimony since it is necessary if the law is to be fairly enforced.

Because of the reputation of some witnesses, one is inclined to sympathize with the committees. And sometimes, because of the reputation of a committee, one may be inclined to sympathize with lawyer and client. Yet the hard fact remains that abuses on either side of the table have, in the words of Mr. Williams, "contributed toward all too common a vilification of one of the most precious guarantees of constitutional liberties—the Fifth Amendment."

"EZRA, I DON'T KNOW WHAT WE'D DO WITHOUT YOU"
—From The Washington Post.

Toward 2,000,000 Farm Ponds

The Mirror of Public Opinion

Every year 75,000 or more are built, for stock watering, irrigation, swimming, boating, fire-fighting, goldfish-raising or skating; they run generally from one-fourth acre to three acres; it takes a lot of skills to locate and build correctly.

Arthur B. Beaumont in the Rural New Yorker

The number of farm ponds in the United States is estimated at almost 1,500,000. It increases by 75,000 to 90,000 a year.

A multiple-use farm pond is the most common type in the Northeast. Multiple uses include irrigation, stock watering, swimming, boating, skating and fire fighting. One farmer has a pond primarily as recreation for hired help. The ice pond once common in the northern states is now almost a thing of the past.

A dugout pond is made on level, or nearly level, land by merely scooping out soil with a bulldozer. Dugout ponds obtain most of their water from springs, from seepage, or from a high water table.

They are the most popular ponds in the coastal plain parts of New England and the North Atlantic seaboard; there are over three times as many dugouts in New England, New Jersey and Delaware as dam types.

The dugout pond is the simplest type to construct, and it is cheapest, too. It requires no dam, no overflow pipe, no spillway.

But it cannot be fitted with a drain pipe; and this is a disadvantage—it can be emptied only by pumping.

Sometimes recharging from springs and seeps is so rapid that emptying is either slow or impossible. This, of course, is often an advantage.

Engineers' Assistance Is Needed

The dam-type or breastwork pond is the most popular in New York State, Pennsylvania, West Virginia, Maryland, and Virginia; there are more than twice as many of these as there are the dugout types.

Engineering is usually necessary for the construction of worthwhile dam-type ponds.

Some states have laws requiring official approval of dams above a certain height, of impoundments greater than a certain number of gallons, and of reservoirs whose watershed exceeds a given area.

Fortunately, engineering assistance in pond construction is now available free of charge through soil conservation districts in practically all counties in the Northeast.

A third type of pond is the by-pass or offset, an important and desirable kind. Built only under rather exacting and limited conditions, its ideal site is near a continuously flowing stream from which water can be piped or diverted at will. Intermittently flowing streams may be used under certain conditions.

Many Factors to Be Considered

Wherever the intake of water can be controlled, neither an overflow pipe nor a spillway is necessary; but a drain pipe should be installed if at all possible.

The by-pass pond is especially adapted to fish culture because replenishment of water can be controlled so as to prevent waste of fertilizer.

The extent of watershed required to fill and maintain a pond depends on the amount of rainfall, kind of land cover, rate of evaporation, and demands on the pond.

For the average farm pond in the Northeast, 15 to 20 acres of watershed are sufficient. In some locations, however, spring-fed dam ponds are possible; these require little or no watershed.

The first thing to be considered in making a farm pond is the site. The usual first thought of the hopeful is that a small stream valley is ideal.

Just build a dam across the valley, it is thought, and water will back up, forming a pond. It is all very simple, some seem to think.

Actually, building a good farm pond is not very simple. To withstand the terrific erosive action of water at flood times, stream dams must either be built entirely of masonry or have a large spillway of masonry.

In either case, the cost of construction is great, and there is even then danger of water cutting under or around the masonry and ruining the dam.

Secondly, with a stream running through a pond, replacement of water is so rapid as to make fertilization for fish culture practically useless.

A by-pass pond fed by water from the stream is preferable to a stream pond.

Even though soil at a site should contain enough silt and clay to give it water-holding strength, this possible limitation can sometimes be overcome by using bentonite and other commercial sealers.

Importance of the Spillway

The usual minimum top width of a pond dam is six feet. The spillway, usually not a part of the dam proper, is the most important structure from the standpoint of the life of the dam.

Many a makeshift dam has washed out either because no emergency spillway was provided or because one was poorly designed or constructed. If one is not an expert, he should leave construction of the spillway as well as the dam to an engineer.

With few exceptions, farm ponds of the Northeast run from one-fourth acre to three acres in surface area. The upper range is unusual, to be sure, but there are many ponds even above it; of course, there are some tiny ones, too.

Stock ponds, depending on the size of the herd, can be rather small. Ponds to supply water for fire fighting need be somewhat larger.

The Fish and Wildlife Service will not supply fish for a pond less than one fourth acre; a depth of six feet over one fourth of the area is about the minimum for fish ponds, and greater depth is necessary in northern areas where deep freezing is common.

Farm Pond: An 'Attractive Hazard'

Irrigation ponds, unless rapidly recharged by springs, need to be quite large; to supply just an inch of water to 10 acres, 271,540 gallons of water are required. Many crops need at least an inch of water each week during the height of the growing season.

At this rate of application, the entire water supply of a medium size pond having an area of half an acre and an average depth of five feet would be exhausted by three irrigations.

The farm pond can be an "attractive hazard" for which owners can probably be held accountable by courts.

The best way to safeguard small children is to enclose the farm pond with a woven wire fence topped with barbed wire. It is also a sensible idea for the owner to protect himself with liability insurance.

SAFETY IN MISSOURI

From The Trenton (N.J.) Evening Times.

Shocked by the increasing "carnage on the highways," the Legislature of Missouri decided to take steps with a view to reducing the death toll. It began by establishing speed limits, an innovation in the state.

Under the new controls, motorists are restricted to 70 miles an hour, day and night, on divided highways, and 70 miles an hour by day and 65 miles an hour by night on undivided highways.

These regulations should go far toward a solution of Missouri's problem of carnage on the highways. Surely, nothing serious could happen to a car which is being held down to 65 miles an hour or even 70 miles an hour—at least nothing that a wrecker and a coroner could not take care of quite competently.

Between Book Ends

Wealth Is Not Security

NATALIE, by Alexandra Orme. (Simon and Schuster, 337 pgs., $3.95.)

What happens to the characters of rich, secure people when they are stripped of their wealth and driven into exile? Though they are commonly expected to lapse quickly into helplessness and hopelessness, the author of "Natalie" believes the answer is not so simple as that.

Miss Orme convinces us of the rightness of her response by showing us how differently three female members of an aristocratic Polish family react when they are dispossessed of their estate during the partition of Poland in 1939 and forced to live as impoverished refugees in a run-down boarding house in Budapest.

The oldest of the three, Grandmother Tatyana Alexandrovna, an authentic Polish princess, reacts to the miseries of hunger and squalor by retreating into the glorious past or by dreaming of a quite improbable future for her granddaughter as the bride of Prince Esterhazy. The mother Betka is so busy keeping the three of them alive by an unending routine of patching clothes, searching for food, and cooking that she has no time to dream of their past or future.

Alexandra Orme

The daughter Natalie, a vital, saucy 14-year-old, reacts as if their life in a dingy boarding house is an adventure to be surpassed only by the excitements of adult life. So eager is she to know all about "life" that she skips in and out of all the rooms and lives of the other residents of the Pension Regina, making a nuisance of herself, of course, but also finding friends and learning what it means to be human. Her constant visitations also permit the reader to note many other reactions to insecurity and impoverishment—endless gossiping, intrigue, alcoholism, quarreling, activity in the underground, as well as numerous schemes for making ends meet.

The author makes it clear that wealth and security are not necessary to maintain one's being, but willingness to share one's life with others is. As if to underscore her point, Miss Orme permits Natalie to be rescued from the invading Nazis by some rich American relatives who live on a luxurious estate in the country. Here Natalie is miserable because she is surrounded by people who have set themselves apart from the life and suffering of their time and place. She reaches the crisis of her young existence when she flees her rich relatives to return to her friends and family only to find them gone. She doesn't need wealth or security, but she must have love and friendship.

This novel manages to attain only a minor eminence. Nevertheless, Miss Orme succeeds in getting beneath the obvious generalities about human conduct in times of stress and misery, and to her credit she dares to affirm that man's spirit enables him to smile and sing even in the dark days of poverty and exile.

R. F. BAUERLE.

British Drama

THE IRRESISTIBLE THEATRE, by W. Bridges-Adams. (World, $6.)

The title is borrowed from a phrase by Matthew Arnold with which we all concur, for the theater is indeed "irresistible." The author, a British producer, has written a long, detailed and enthusiastic history of the British drama from its misty beginnings under the Norman conquest. His traversal is a lively one, even though much of his narrative wears, of necessity, an academic cast. He is at his best in treating the Elizabethan stage with its miraculous plays and players, to be followed by the Puritan period, when the theater went into temporary eclipse. Presumably there is to be a succeeding volume which will bring this history down to the present.

News of the Churches in the St. Louis Area

JEAN SIBELIUS FAMED FINNISH COMPOSER, DIES

HELSINKI, Sept. 21 (UP)—Finland mourned today the death of composer Jean Sibelius whose stirring music helped inspire the nation in its struggle for freedom from Russia more than 60 years ago.

Sibelius, who would have been 92 on Dec. 8, died of a brain hemorrhage at his country home last night even as British conductor Sir Malcolm Sargent was lifting his baton to conduct Sibelius Fifth Symphony at University Hall in Helsinki.

Flags fluttered at half staff today throughout Finland and a state funeral was planned for the man who was revered as the country's leading citizen as well as one of the great composers of all time. Telegrams of condolence poured in from throughout the world.

Sibelius, a tall, bald man, had a stern face that seemed hewn of granite and he usually was smoking a cigar. He burst upon the Finnish scene when the country was swept by a wave of nationalism aimed at making it an independent nation.

Countrymen Inspired.

His tone poem "Finlandia," which helped inspire his countrymen in their struggle to loosen Russian bonds, speaks of the nationalistic feelings of that period more than 60 years ago.

Death came to Sibelius at his country home, Ainola, on the last day of the Finnish summer. The Finnish state radio which announced his death followed with a recording of his haunting "The Swan of Tuonela," He was accustomed to rising late and he was eating a late breakfast about noon when he suffered the fatal hemorrhage, his physician Dr. Laine Ylijoki, reported. With him at the time was his wife, Aino. He remained conscious until about 4 p.m.

Dr. Ylijoki said the brain hemorrhage was not expected and the aging composer had been in good health in past months following his long illness.

He was considered by many as the greatest composer of symphonies since Beethoven. His last symphony, the Seventh, appeared as far back as 1925, but there were recurrent rumors in musical circles the old master was working on his eighth. It never appeared.

Shrine for Music Lovers.

His last year's have been spent at Ainola, the home he built 50 years ago in the mountains outside Helsinki and which became a shrine for music lovers though he received only a chosen few in his later years.

His love of Finland's woods was reflected in his best known work, "Finlandia." It is a work of stirring passages, of beautiful imagery, a composition of Finland's lakes and forests. And as such it helped inspire the Finnish struggle for independence.

In addition to his seven symphonies, Sibelius composed a great number of minor works. He became known for his romantic use of the sounds of the Finnish landscape, but he was a universal composer and early abandoned the Finnish scene for larger themes.

His compositions brought Finland to the world's musical map. Noted British critic Cecil Gray once called him "the greatest symphonician since Beethoven." American Olin Downes said "Sibelius is the greatest composer of our time, a direct descendant of Beethoven and Brahms."

Son of an army surgeon, he began studying the piano at the age of 9. He soon preferred the violin, however. Under family pressure he took up the study of law in 1885 but gave it up after a year. He studied at the Helsingfors Conservatory, under Wegelius, in Berlin under Albert Becker, and at Vienna under Karl Goldmark and Robert Fuchs. Returning to Finland in 1892, he gained such success that the Finnish Senate voted him an annual pension so he might work solely as a composer.

Christened John, Sibelius early adopted the French spelling. He also was familiarly known as Jan.

NEW PASTORS APPOINTED FOR THREE PARISHES

Appointment of new pastors for three St. Louis area Catholic churches was announced yesterday by Archbishop Joseph E. Ritter. These were among new appointments for 12 priests of the archdiocese.

The Rev. John P. Moynihan, formerly pastor of Immaculate Conception Church, St. Marys, Mo., was named pastor of St. Agnes Church, St. Louis. He succeeds the Rev. John J. D'Arcy, who becomes pastor emeritus.

The Rev. Michael O'Keefe, former pastor of St. Teresa of Avila Church, St. Louis, was appointed pastor of St. Gregory Church, St. Ann, where the Rev. Henry A. Hoffman retired. The new pastor of St. Teresa of Avila Church is the Rev. Clarence E. Winkler, formerly pastor of St. Maurus Church, Biehle, Mo.

J. EDWARD HAWK, RETIRED PAPER EXECUTIVE, DIES

J. Edward Hawk, a department manager for Graham Paper Co. for 45 years prior to his retirement last September, died of heart disease yesterday at St. Mary's Hospital. Mr. Hawk, 67 years old, was admitted to the hospital last Saturday.

Surviving are his wife, Mrs. Irene O'Grady Hawk, 11939 Kendon drive, Des Peres; a son, James E. Hawk Jr.; a daughter, Mrs. John D. Warner, and a brother, Frank P. Hawk.

Funeral services will be at 9 a.m. Monday at St. Clement Church, Des Peres, with burial in Calvary Cemetery.

CHURCHES PLAN RELIGIOUS CENSUS OF THEIR AREA

Three west end churches will start a religious census of their area tomorrow. They are West Presbyterian Church, 5672 Maple avenue; Pilgrim Congregational Church, 826 Union boulevard, and Parrish Temple, C. M. E., 810 Union.

Calls will be made over a two-week period through Oct. 6. West Church will have 70 men engaged in the census, Pilgrim Church 50 volunteers, and Parrish Temple about 20.

Assisting in the project will be Miss Sally Boggs, research assistant in the Population Study Institute of Washington University.

The district to be covered is bounded, roughly, by Kingshighway on the east, Hodiamont avenue on the west, Page boulevard on the north, and Forest Park on the south. The last census showed 54,000 as residents of the area. It is a district of shifting population.

"The census will provide accurate information concerning population, the parish needs of the people, and ways in which our churches can be of greater service to the community," according to the minister of West Church, the Rev. Dr. Harry P. Phillips Jr.

The Rev. Dr. Allen Hackett is pastor of Pilgrim Church, and the Rev. Bert Greg is pastor of Parrish Temple.

RETREAT LEAGUE ARRANGES COMMUNION BREAKFAST

The Cenacle Retreat League will sponsor its thirteenth annual communion breakfast tomorrow at the Coronado Hotel. Archbishop Joseph E. Ritter and Bishop Glennon P. Flavin will attend, and Bishop Flavin will give the principal address. The program will also include an original and informative skit.

Before the breakfast, league members will attend 8 a.m. mass and communion at St Louis Cathedral, Lindell boulevard and Newstead avenue.

The league has extended this year's invitation to include not only members, but all women interested in the retreat movement. Miss Mary Jeanne Farrell is chairman of the event, and Mrs. William L. Kisling is co-chairman.

Heads Assemblies of God.

The Rev. Ralph M. Riggs was re-elected general superintendent of the Assemblies of God at a recent convention in Cleveland, O. International headquarters of the church are at Springfield, Mo.

JEWISH HOLY DAYS BEGIN WEDNESDAY

By JOHN T. STEWART
Church Editor of the Post-Dispatch.

Jewish high holy days begin at sunset Wednesday, the Jewish New Year, Rosh Hashana. The new year will be 5718, according to Jewish tradition.

The 10-day religious observance will end with Yom Kippur, Day of Atonement, Sat., Oct. 5. St. Louis Jewish congregations, Reform, Conservative and Orthodox, will observe the holy days with special services.

The 10 days are called a "period for spiritual stocktaking." The Union of American Hebrew Congregations, New York, points out that "in homes and synagogues Jews will mark the beginning of the religious year 5718 with prayers, hymns and meditations."

"The holy days are inaugurated in many homes with the dipping of fruit into honey, symbolic of the prayers for a 'sweet' year," U.A.H.C. states.

Traditionalist Jews observe Rosh Hashana for two days, Reform Jews for one.

In New York, Rabbi Maurice N. Eisendrath, president of U.A.H.C., said in a special message for the holy days, "Jews have not lived up to their moral obligation unless they join in efforts to bring peace, freedom and equality to all the peoples of the world. . . .

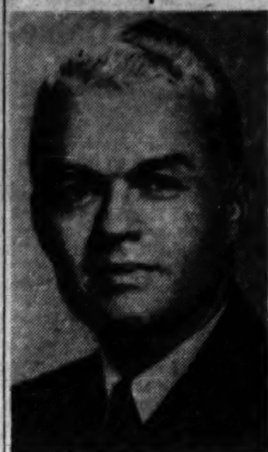
"Of special interest this year will be the observance of the tenth anniversary of the State of Israel," Rabbi Eisendrath said. "As Jews we are thrilled over the feats of gallantry, the interest in intellectual pursuits, the emphasis upon idealism which have marked the decade of Israel reborn."

REPORT ON HUNGARY REVOLT

The Cathedral Guild of St. Louis Cathedral will hold its monthly meeting Tuesday at 8 p.m. in the assembly room of the rectory, 4431 Lindell boulevard.

Miss Helen M. Flanagan, Red Cross consultant in disaster nursing for the midwestern area, will be the speaker. She was an on-the-spot witness of the uprising in Hungary last October, and will give her account of the struggle. The public is invited.

Guest Speaker



THE REV. DR. JOHN COVENTRY SMITH

WOMAN LOBBYIST IN PEACE CAUSE TO SPEAK HERE

"War is not inevitable—if we are more willing to assume the responsibility for leadership toward world co-operation and peace," according to Mrs. Alexander Stewart, who lobbies for peace the year round at Washington, D. C.

Mrs. Stewart will speak on "Washington and the World" at a public meeting at Delmar Baptist Church, Skinker and Washington boulevards, Tuesday at 8 p.m. The meeting is sponsored jointly by the Women's International League for Peace and Freedom, and the St. Louis Fellowship of Reconciliation.

Mrs. Stewart is national legislative secretary of the women's league, and a registered lobbyist with offices in Washington. She has daily interviews with members of Congress, State Department officials, officials from other government departments, and foreign embassies. She was one of the first women ordained to the ministry of the Methodist Church, and the only woman to have served as chaplain of the House of Representatives.

CHURCH WOMEN PLAN STUDY INSTITUTE

United Church Women of St. Louis will hold their annual mission institute Friday at Third Baptist Church, Grand and Washington boulevards. Two general subjects will be studied — race relations, and Japan.

The evening division of the women's organization will meet Friday at Delmar Baptist Church, Skinker and Washington boulevards, with dinner at 6:30 p.m. and a public program at 7:30 p.m.

The Rev. Dr. Purd E. Deitz, general secretary of the Board of National Missions of the Evangelical and Reformed Church (United Church of Christ), will speak at 10 a.m. and 8:30 p.m. His subject will be "Christ, the Church, and Race." The Rev. Dr. Deitz is vice president of the National Council of Churches and chairman of its Division of Home Missions.

The speaker on Japan at 2 p.m. and 7:45 p.m. will be the Rev. Dr. John Coventry Smith, associate general secretary of the Board of Foreign Missions, Presbyterian Church, U.S.A., New York. The Rev. Dr. Smith was a missionary to Japan from 1929 to 1942.

Six workshops will be held at 11 a.m. and 1 p.m. Their subjects will be Japan, race relations, international students, audio-visuals in missionary education, mission to the unchurched, and "Becoming Families of Good Will."

Mrs. J. William Sonnenday is president of United Church Women, and Mrs. I. Orval Eagle is chairman of the evening division.

World Communion Day Set.

Protestants will observe their annual World Wide Communion Sunday Oct. 6.

St. Louisan Serves Two-Year Mormon Mission to Sweden

A 22-year-old St. Louisan has returned from Sweden, where he spent two and a half years as a Mormon missionary. Richard Oscarson's father, Roy W. Oscarson, served a similar mission in Sweden 30 years ago, and his grandfather, the late Gustav Oscarson, 50 years ago.

A graduate of Brentwood High School, Oscarson had attended Brigham Young University, Provo, Utah, for a little more than a year, when he enrolled in the spring of 1954 as a missionary of his church, Church of Jesus Christ of Latter Day Saints. Young men of that church serve their two-year mission without pay.

Oscarson took a week of instruction at his church's headquarters at Salt Lake City, then sailed for Europe with six other young men; two went to Norway, one to Denmark, and three to Finland. More than 5000 young men of the church now are serving foreign missions, and about 7000 are serving in the United States. They go from door to door, carrying the message of their faith.

14 Months in Arctic.

Oscarson spent seven months in Stockholm, studying the Swedish language. (His grandfather was born in Sweden, and was converted to the Mormon faith before coming to the United States). Then he took a train to Skelleftea, a city of 17,000 population near the Arctic circle, where he spent 14 months. He and his co-missioner lived in a chapel, which they cared for in lieu of rent, prepared their own meals and washed their own clothes.

"The Swedish people are friendly—after they get to know you—and we were well received," Oscarson said in an interview this week.

"The Lutheran Church is the established church of Sweden, and more than 99 per cent of the people belong to that church," he said. "But I was told that only 2 per cent of city people and 3 per cent of country people go to church."

After his term of service in Skelleftea, Oscarson went farther north to Lulea, a city of 20,000 population on the Gulf of Bothnia, at the rim of the Arctic circle. He spent nine months there.

"At Lulea, in December the sun rose at 10:15 a.m. and set at 1:15 p.m.," Oscarson said. "But in summer I could read a newspaper on the street at midnight. I was glad to wear long underwear and a heavy overcoat during that cold winter, which lasted from September to May."

Oscarson's parents, who live in Frontenac, met him at Stockholm when his mission was finished, and they visited the house where his granfather lived — Grandfather Oscarson returned to Sweden for his two-year mission after he had settled in the United States. The Oscarsons also visited Denmark, Switzerland and England.

"My church mission was a great experience for me, and I'm glad I made it," Oscarson said. "But I am glad to get home, too. My travel and life in Sweden makes me appreciate by own country more than I ever had," he added.

He expects to begin his term of military service this fall.

MINISTERIAL ALLIANCE WILL HEAR CHURCH HISTORIAN

The Ministerial Alliance will hold its first luncheon meeting of the fall Tuesday at noon at Webster Groves Christian Church, Lockwood and Berry roads. The speaker will be the Rev. Dr. Howard Elmo Short, professor of church history at the College of the Bible, Lexington, Ky.

The 1957-58 program of the Ministerial Alliance has been named the Lin D. Cartwright lectureship, honoring the Rev. Dr. Cartwright, editor of the Christian-Evangelist, national weekly of the Disciples of Christ (Christian Church).

The Rev. Dr. Cartwright came to St. Louis 17 years ago to become editorial executive secretary for the Christian Board of Publication. He had been pastor for 12 years of First Christian Church, Chattanooga, Tenn. He has been editor of the church journal since 1948. He is chairman of the Department of Christian Education of the Metropolitan Church Federation. He is an elder and member of the official board of Union Avenue Christian Church, where he teaches an adult Sunday school class.

Cunningham's Homer to Left Keeps Cards 4 Games Behind Braves

His 2-Run Hit Beats Redlegs In Tenth

Today's Game

1 2 3 4 5 6 7 8 9 T.
CARDINALS (at Cincinnati)
0
CINCINNATI

Batteries: Cardinals—Jones and H. Smith; Cincinnati—Nuxhall and Bailey.

By Bob Broeg
Of the Post-Dispatch Staff.

CINCINNATI, Sept. 21—The coincidence was startling, but, oh, so pleasant. As Joe Cunningham came up to bat for the Cardinals in the tenth inning last night at Crosley Field, the National League's publicity director, Dave Grote, mentioned that few lefthanded hitters had cleared the left field fence with home runs.

"So many righthanded hitters have hit over the right field fence here," said Grote, a native of Cincinnati, "but even though the left field distance is shorter—about 328 at the line—the terrace and fence make the barrier higher. The players say, too, that the air seems heavier in left and I do know the wind seldom blows to left field."

Larry Goetz, the former umpire, older and also a native of the Queen City, agreed that Grote knew his Crosley Field history as well as his statistics and sauerbraten. There were, Larry said, darn few lefthanded hitters who had hit over the green board fence at Crosley Field.

Just then Cunningham, hitting what he and teammates agreed later was a low outside curve served by Bill Kennedy, former Brownie southpaw, shot a two-run homer over that difficult obstacle, just a few feet fair, to give the come-from-behind Cardinals a most satisfying 7-5 victory over the Redlegs.

11 Out of 14 for Birds.

Manager Fred Hutchinson referred to it as "a big one," the triumph, his club's eleventh in 14 games since Labor day, that kept the rebounding Redbirds four lengths behind league-leading Milwaukee and widened their second-place margin over Brooklyn to five with eight to play. And, just for the record, the Dodgers' two-year reign as league champions officially ended.

Down in the visitors' clubhouse, Herm Wehmeier, another Cincinnatian and former Red Stocking, led the mental thumbing back through the years to recall lefthanded hitters who had done what Cunningham had accomplished. The list, no doubt incomplete, included Gene Moore . . . Ted Kluszewski . . . Cal Abrams . . . Ed Bailey . . . and Stan Musial.

Musial, meanwhile, lay on trainer Bob Bauman's work table undergoing treatment for his injured left shoulder, which had bothered him so much Bauman had decided he had better not play. Stan was, however, a last-minute starter who delivered two hits and, like roommate Del Ennis, knocked in two runs to give him 100 R.B.I.s for the tenth time in 15 full major league seasons.

"They're giving the lineup over the radio," said Bauman, remembering his reaction in the clubhouse, "and I almost dropped over when I heard 'em give Stan's name at the last minute. He's a wonder man, but he'll be the death of me yet."

Musial, hurting himself again when he fouled back a pitch in the fifth inning just before he fouled out with a runner on second, twice delivered two-out base hits that boosted his league-leading average to .344. "No," he acknowledged, "I wasn't swinging good, just punching the ball that last time," a reference to his run-scoring single to center.

Coop's Hit Ties It in Ninth.

Taking a merited bow, too, was 42-year-old Walker Cooper, whose ninth-inning pinch single sent the game into overtime.

The Cardinals again showed their ability to win the close ones, gaining their seventeenth verdict in 23 extra-inning decisions.

And there also was applause for the pitching. Wilmer Mizell, the staff's best pitcher the last six weeks, didn't have it this time and was hammered for four runs in the second inning, but Larry Jackson halted the Reds that inning. Then after forcing home a run in the second, Jackson halted the home club through the sixth. At that point Morrie Martin, 35-year-old lefthanded retread from Washington, Mo., acquired yesterday from the Pacific Coast League, turned in two spotless innings. And Billy Muffett, the most reliable reliever, earned the victory for working two scoreless frames.

Cincinnati's only hit the last seven innings was Frank Robinson's leadoff single in the tenth, but the Cardinals' problem was to overcome Redleg leads of 4-1 and then 5-3.

Cardinals Rout Gross.

Ennis, rapping his twenty-fourth homer far over the laundry across the street in left field, produced the first run in the second and the Cardinals knocked out lefty Don Gross in the next inning when Don Blasingame walked with two away and Al Dark, Musial and Ennis followed with safeties.

Tom, however, tall fast-firing Tom Acker checked the Cards until the seventh. Singles by Eddie Kasko, Dark and Musial left the Redbirds still a precious run behind. They tied it in the last-chance ninth after Kasko was given a scratch hit on a high hopper on which Third Baseman Don Hoak threw wildly to first. Kasko took second on the throwing error and scored on Cooper's pinch single.

In the tenth with three lefthanded hitters coming up in succession, Birdie Tebbetts switched to Kennedy. With one out the veteran southpaw passed Wally Moon on a pitch that brought so much abuse from the Cincinnati dugout that Plate Umpire Bill Jackowski thumbed out bench jockey Joe Nuxhall. Then on the next pitch Cunningham happily did what lefthanded hitters aren't supposed to do at Crosley Field.

End of Road for Challenger

—Associated Press Wirephoto.

Champion ARCHIE MOORE being pushed away from beaten challenger, TONY ANTHONY, in seventh and final round of their title bout. Referee MUSHY CALLAHAN (left) stopped the fight after Moore had administered a terrific beating to the New York fighter.

Fight Results.

LOS ANGELES—Archie Moore, 175, San Diego, knocked out Tony Anthony, 172, New York, 7. (Moore retained world lightheavyweight title).

MELBOURNE—Bout between Ray Riojas, 137¼, Texas, and Sauveur Chiocca, 148¼, France, stopped in ninth and declared no contest. Referee said Chiocca "would not fight."

Moore Stops Anthony, Retains Lightheavy Title

LOS ANGELES, Sept. 21 (AP)—Venerable Archie Moore of the 1936 boxing vintage winks when he says he'll fight for another 10 years, but young Tony Anthony won't say it isn't possible.

Ole Arch, who started fighting 21 years ago and may be 41 or may be 43 or perhaps older, slammed the 22-year-old Anthony without mercy last night to score a seventh round knockout and retain his light heavyweight title.

The champ reigned supreme in the ring at the Olympic Auditorium in giving New Yorker Tony a boxing lesson and again after the fight as he met newsmen in the confines of his dressing room.

Taking first things first, the champ says he would like to tangle with French - Canadian Yvon Durelle in a match for the 175-pound crown.

Anthony, on the other hand, battled Durelle to a draw and doesn't give the Canadian a chance.

Moore collected a $90,000 guarantee, including the $70,000 from national television. With a gross gate of $53,000 this left Anthony with less than $5,000 balm for his wounds under contract terms. Yet he did receive an education.

"He gave me a lesson that I won't forget," Tony said. "I hope nobody says anymore that I have a glass jaw."

If he had, the challenger would have gone down to stay long before the actual end. In the sixth, Moore staggered him with a right to the head and scored repeatedly with rights and left hooks. He had pulled a surprise earlier that hurt when he rammed home right hand leads.

Six seconds before the stanza ended, Moore decked the young challenger with a right and the bell rang before Tony reached his feet.

As the seventh opened, Anthony appeared to have recuperated, but Moore found him midway in the round and relentlessly slugged him with lefts and rights. Finally Tony went down and struggled to get up. Referee Mushy Callahan didn't wait, but immediately declared Archie the winner by a knockout at 2:29.

Under California rules a referee can so rule instead of awarding a technical knockout.

The 172-pound Anthony won two rounds on the card of the referee and a judge, but received only one from the other judge. He didn't appear to hurt Archie, although the champ wore a mouse under his right eye from the second round on. In that stanza the challenger hit a low blow and cracked Archie after the bell, which annoyed the champion. Callahan had to separate the two to prevent battling during the intermission.

Anthony's right eye was swelled nearly closed.

Remember? 5...15...25 YEARS AGO

1952 — The Cubs' **Warren Hacker** held the Cardinals to three hits at Chicago, 4-1.

1942—A double steal in which **Johnny Hopp** took home gave **Mort Cooper** and the Cards a 1-0 victory over former teammate **Lon Warneke** at Chicago, providing an even break in a doubleheader. Brooklyn also divided a twin bill and the Redbirds still led by 2½ lengths.

1932—**John Soest**, Washington U. letterman tackle, was declared ineligible for football because of academic deficiencies.

Broyles to Use Six Sophomores In Vandy Game

By a Special Correspondent of the Post-Dispatch.

NASHVILLE, Tenn., Sept. 21—Coach Frank Broyles will have 16 lettermen on hand, but will use six of his 13 sophomores in the top two teams as the Missouri Tigers open football competition against Vanderbilt here tonight.

The 38-man traveling squad showed only eight St. Louis district players, with only Hank Kuhlmann of Webster Groves, as a prospective starter.

Showing the extent to which Broyles must count on untried players, he probably will have a pair of sophomores on the No. 1 and four others on the No. 2 team. Moreover, some of his veterans are working at new positions, chiefly Kuhlmann, who is being converted from halfback to fullback and George Cramer from fullback to right halfback on the No. 1 team.

Absence of Charlie James, former Webster Groves star, elevated Bob Haas, Independence sophomore, to a starting position at left half, while Tom Swaney, Platte City sophomore, is expected to take over at center where no lettered veteran is available.

The St. Louis area has furnished the Tigers with the bulk of their football manpower in past seasons, but not so this year. With Kuhlmann as the only one on the No. 1 team, the No. 2 lineup will have Dale Pidcock, Southwest sophomore, as an end; Fred Henger, Beaumont junior, as fullback and Bob Meyers, Normandy sophomore, as right halfback. The No. 3 team will include Mike Magac, East St. Louis sophomore, at tackle, Glen St. Pierre, Webster Groves veteran, at fullback, and Don Mason and Jack Rice, East St. Louis sophomores, dividing duties at quarterback.

The most encouraging development of the week has been the return of Ken Clemensen to form after an injury layoff.

Bears Beat Browns.

CHICAGO, Sept. 21 (UP) — Rookie Halfback Willie Gallimore scampered for touchdowns on runs of 26 and seven yards last night and gained a total of 71 yards in six carries to spark the Chicago Bears to a 29-3 win over the Cleveland Browns in the twelfth annual Armed Services benefit football game.

George Blanda kicked field goals of 11, 25 and 32 yards for the Bears and converted after two touchdowns for 11 points, while Jim Dooley made the other Chicago points on a 70-yard pass from Ed Brown.

Yankee Victory and Sox Defeat Today Would Give Stengel Eighth Pennant

NEW YORK, Sept. 21 (UP)—The New York Yankees may spring the trap on the Chicago White Sox by sundown today, but it appears it'll be a case of slow strangulation before the Milwaukee Braves choke off the St. Louis Cardinals' last hopes.

The stage was set for the final act of the American League pennant race last night when the Yankees downed the Boston Red Sox, 7-4, and went seven games ahead as a result of the Cleveland Indians' 3-2 triumph over the White Sox. That reduced the Yankees' magic number to two—and it will come up today if the Yankees beat the Red Sox again and the White Sox lose to the Indians.

The Braves set the Cardinals up for the kill with a 9-3 romp over the Chicago Cubs in an afternoon game, but the Redbirds refused to become dead birds by rallying to beat the Cincinnati Redlegs, 7-5, in a 10-inning night game.

Casey Stengel's eighth pennant in nine years became all but mathematically assured when the Yankees built up an early 7-0 lead and then staved off a four-run ninth-inning rally marked by a tremendous pinch-hit homer by Ted Williams. The Red Sox added three runs and kayoed Whitey Ford before Bob Grim came out of the bullpen to restore order.

Ford, the Yankees' likely starter in the world series opener, Oct. 2, pitched two-hit ball and struck out eight through the first eight innings. Yogi Berra hammered a three-run homer for the big blow in the Yankees' nine-hit attack which brought Ford his eleventh victory compared to four defeats.

The White Sox' loss was a heart-breaker—typical of the heart breaking battle Al Lopez' undermanned team has waged against the Yankess all season. Dick Donovan carried a 2-1 lead into the ninth as a result of his own homer and one by batterymate Earl Battey only to have the Indians rally for two runs. Rookies Roger Maris and Dick Brown opened the inning with sigles and moved along on a sacrifice by Ken Kuhn. A walk filled the bases, Maris scored the tying run on Al Smith's sacrifice fly and Bobby Avila followed with a single to drive in the decisive tally.

The Braves, winning their fourth straight game, unleashed a 14-hit attack that enabled Warren Spahn to become the majors' first 20-game winner of the year although he needed relief aid from Don McMahon. Johnny Logan, Ed Mathews, Hank Aaron, Bob Hazle and Del Crandall had two hits each for the Braves as Spahn achieved his eighth 20-game season—one less than the major league record for a left-hander held by Lefty Grove.

Al Pilarcik doubled home a run in the eighth inning to give the Baltimore Orioles a 1-0 victory over the Washington Senators and Stan Lopata's pinch-hit sacrifice fly climaxed a two-run ninth-inning rally that brought the Philadelphia Phillies a 3-2 triumph over the Brooklyn Dodgers in the only other games.

Football Cards Seek First Win In Colts Game

By Jack Rice

Professional football will make its once-a-year stand here tonight when the Baltimore Colts and the Chicago Cardinals of the National Football League meet in an exhibition game at Busch Stadium. The proceeds of the game are to go to the Cardinal Glennon Hospital. The program is to begin at 8:30 o'clock.

The Cardinals, a power in the league's Eastern Division last season, have an 0-and-5 record in the exhibition season, a trial period whose won-and-lost records are taken seriously, probably considerably more seriously than major league baseball teams take their spring training records.

The Colts, struggling for three years under Weeb Ewbank to build a contender, have won two games, lost one and tied one during the late-summer training season.

CARDINALS	COLTS
16—Green Bay 24	17—Phil'd'phia 10
14—Green Bay 17	24—Chi. Bears 24
21—L'sAng'l's 43	14—Wash'gton 24

Lockheed
Missile Systems
offers
Scientists & Engineers
positions in
California
on its Palo Alto and Sunnyvale Staffs
(Both facilities are within 38 miles of San Francisco)

Weapon systems management programs at Lockheed Missile Systems call for achievement of a high order in these fields. Assignments are on the Polaris Intermediate Range Ballistic Missile program and other extremely important activities.

Aerodynamics
Theoretical and experimental investigations of the aerodynamic characteristics of missiles at Mach numbers through the hypersonic range; optimization of controlled missile performance; specification and supervision of experimental aerodynamic investigations required to verify and improve missile and weapon system design; analysis and interpretation of aerodynamic flight test data.

Flight Dynamics
Analysis of missile dynamic motion and establishment of stability and control systems criteria for trajectories with 3 or more degrees of freedom; development of techniques for the analysis and interpretation of flight dynamics test data at hypersonic speeds; study of special dynamics problems arising during preliminary design and development of missile systems.

Thermodynamics
Boundary layer and heat transfer analysis in hypersonic flow fields such as pressure gradient and real-gas effects; analysis of thermodynamic performance of missiles in continuum flow, slip flow and free-molecular flow; calculation of transient structural and equipment temperatures resulting from aerodynamic heating and radiation; specification of ground tests and flight tests required to verify and improve thermodynamic design of missile and weapon systems; analysis and interpretation of thermodynamic ground test and flight test data.

FOR INTERVIEW
Senior members of the technical staff will be available for interviews in St. Louis, Saturday and Sunday, Sept. 21 and 22. Phone GArfield 1-6414 for an appointment. Qualified engineers and scientists living out of area are invited to phone collect — day or night.

Lincoln Upsets East St. Louis Eleven, 32-14

By Harold Tuthill

There will be joy at East St. Louis Lincoln Monday when school reconvenes because the 1957 football squad did something which few—if any—Lincoln teams have done in the past. That is, beat crosstown rival, East St. Louis Senior High, on the gridiron.

Larry Simmons's Tigers rebounded from a 14-13 deficit in the final quarter to beat the Flyers, 32-14, in a smashing upset last night, at Parsons Field.

Lincoln took a 13-7 edge after one quarter and held it until the Flyers forged ahead on Willie Terry's second TD and Bill Biggins's second placement in the fourth quarter. On the following kickoff Arthur Stanberry returned the boot 90 yards for a Tiger tally.

Later Arthur Easterly passed to Britt Booker for a 62-yard gain and a fourth touchdown. Lincoln picked up the final tally on an 83-yard sprint by James Parks. Lincoln's first touchdown was made on a 58-yard run by Clemmie Cannon.

Otherwise last night's prep results were fairly formful. Dick Musial and Bill Otten scored two touchdowns apiece to lead C.B.C. to a 32-13 triumph over Roosevelt. Two of the tallies were in the fourth quarter, Musial going 64 yards for one and Otten 55 for the second. In the third period, Musial caught a pass from Bill Eigel, good for 51 yards and a TD. Rich Weidner accounted for the other C.B.C. score.

John Leara and Louis Black scored for the Rough Riders, making their first start under a new coach, Rick Le Fort.

Brentwood, behind after three quarters, 13-0, rallied to overcome John Burroughs, 14-13. Ferguson did all its scoring in the first half as it thumped Maplewood, 25-0. St. Charles walloped Affton, 38-7.

Alton held on to defeat Marquette, 13-7; Dupo beat Belleville Cathedral, 20-6 and Edwardsville won from Wood River, 19-8.

Prep Schedule.

CATHOLIC LEAGUE

Ste. Genevieve at Lindbergh, 2.
Valle High at Chaminade, 2:30.

Mid-Western Conference

Roxana at Highland, 2.

Non-League

St. Mary's vs. Sumner at Public Schools Stadium, 2.
Quincy at Webster Groves, 2.
Wellston at Clayton, 2.
Lutheran at Fox of Arnold, Mo., 2.
Ladue at Riverview, 2.
DuBourg at Kirkwood, 2.
Pitenour at Country Day, 2:30.
University City at Western Military Academy, 2:30.
Pattonville at Principia, 2:30.
St. Louis U. High vs. Vashon at Public Schools Stadium, 8.

SUNDAY

Non-League

Laboure vs. Covle at Kirkwood High School Field, 2:30.

Houston Takes 3 to 0 Lead in Texas Playoff

HOUSTON, Tex., Sept. 21 (UP)—Houston's Buffs took a long time getting up steam, but today they appear a sure bet to represent the Texas League in the Dixie series.

Dallas, on the other hand, seems to have run out of gas after sprinting to the regular season pennant and into the final round of the playoffs with Houston, in which the Eagles now trail 3-0.

Houston scrambled from behind to win, 11-10, last night. The Buffs overcame three Eagle home runs for the victory.

Manager Harry Walker opened the ninth with a walk from Joe Kotrany, the fourth Dallas pitcher. He moved to second on Nelson Burbrink's sacrifice. Wally Shannon was purposely passed and then Fred McAlister doubled to score Walker with the winning run.

Dallas must win tomorrow's game to stay in the running. Today will be an off-day for the two clubs due to football.

Normandy High Beats McBride By 20-0 Score

By John J. Archibald

Normandy gave McBride three early chances but the Micks struck out, and after that it was all Normandy as the Vikings rolled up an impressive 20-0 non-league football victory on their field last night.

After stopping McBride on the 12, the 3 and the 18 during the first 12 minutes of play, a tough Normandy line and a multi-talented backfield kept the Suburban League Big Six power on the offensive the rest of the way. It was the second victory in the young season for Normandy, while McBride, of the C.A.C., now has a 1-1 record.

Norm Beal, a vicious runner and tackler and Quarterback Ben Swank sparked an 80-yard Normandy drive in the second quarter that ended with Don Close throwing a 21-yard touchdown pass to John Holdner.

In the third period, Normandy moved 68 yards from kickoff, with a 27-yard pass from a quick-retreating Swank to Bob Polkinghorne the standout play. Vince Giardano sped the final nine yards. Beal's hard tackle of Ted Edwards caused a fumble later in the third quarter and Normandy recovered on the Mick 21. Giardano and Beal moved the ball forward with short gains until Giardano went six for his second touchdown. Ray Sanders kicked one extra point and Beal ran the other.

Virginia Tech Upsets Tulane By One Point

NEW YORK, Sept. 21 (AP)—With one upset already on the books, the 1957 college football season gets under way in earnest today with a fancy 72-plus game schedule topped by Oklahoma-Pitt and Texas A&M-Maryland.

The upset came last night when Virginia Tech nipped Tulane, 14-13, before 30,000 in the Sugar Bowl Stadium at New Orleans. Led by Fullback Bobby Conner, Tech scored two touchdowns in the first half and won when the Green Wave failed to convert after their two touchdowns rally in the final quarter. Tulane's last six-pointer came on Halfback Tommy Warner's 86-yard run.

In other games, UCLA overwhelmed the Air Force Academy, 47-0 and Davidson whipped Catawba, 26-7.

The 1957 TV-college football program kicked off at 3:45 p.m. with the Texas A&M battle at Dallas. The Aggies, now free of any NCAA bans, are hoping to repeat their first place finish in the Southwest Conference. The game will be televised by KSD-TV.

Another big game in the East is at Boston where Navy opens Boston College's new stadium with reportedly its best team since Eddie Erdelatz took over at Annapolis.

Oklahoma, paced by 1956 national scoring champion Clendon Thomas and a fleet of speedy backs, is picked by many to make Pittsburgh its 41st straight victim. However, Coach Bud Wilkinson isn't taking the game lightly, because of Pitt's powerhouse line and the prospect of a muddy field.

Miami Trims Buffalo, 3-2, In 18 Innings

MIAMI, Sept. 21 (UP)—The Miami Marlins eked out an 18-inning, 3-2 victory over Buffalo in the morning hours today in their final series in the International League playoffs.

The seven-game series now stands at Buffalo 2, Miami 1.

The Marlins' winning run came with two out in the bottom of the 18th. Relief Pitcher Glenn Cox walked Frank Herrerra with the bases loaded, forcing in Windy McCall with the tie-breaking run.

The visitors broke a 1-1 tie in the 17th when Catcher Joe Astroth singled, stole second, and moved to third. An infield single allowed him to score.

The Marlins made it 2-2 in the bottom of the 17th with two outs. Frank Herrerra doubled and scored on Woody Smith's single to right field.

Miami started Ray Semproach, who pitched 16 innings despite a bad case of the flu. He scattered five hits during his time on the mound and did not allow a hit in his last eight innings.

Hancock Triumphs.

With Pat Riess and Don Chrisco combining for a one-hit game, Hancock High School blanked Fairview, 2-0, in a non-league baseball game. The winners made five hits off Pitcher

Wrestling Results.

Pat O'Connor, 235, Auckland, New Zealand defeated Ike Eakins, 266, Harland county, Ky., in 25 minutes, 16 seconds with reverse rolling cradle hold.

Four-Man tag team match — Stan Lisowski, 250, and Reggie Lisowski (240), Milwaukee, Wis., defeated Joe Tangaro (235) and Guy Brunetti (235), Salt Lake City, in two of three falls. Stan Lisowski pinned Brunetti with a body slam and press to win the first fall in 7:24. Brunetti pinned Reggie Lisowski with arm drag and press to win the second fall in 3:51. Stan Lisowski pinned Brunetti with a body slam and press to win the third and deciding fall in 9:03.

Don Jonathan (290), Cedar City, Utah, pinned The Mighty Ursus (300), Tampico, Mexico, with a Norman Sickle hold. Time—8:31.

Midget tag match — Little Beaver (105), Quebec City, Canada, and Tito Infanti (100), Mexico City, Mexico, won two of three falls from Bull Brummel (100), Boston, and Sky Low Low (100), Montreal, Canada. Sky Low Low pinned Infanti with a body press to win the first fall in 8:46. Infanti pinned Brummel with a drop kick and spinner to win the second fall in 5:46. Little Beaver pinned Sky Low Low with a kangaroo kick and body press to win the third and final fall in 7:02.

Joe Millich, 215, St. Louis, pinned Lou Klein, 220, Detroit, Mich., with a sleeper hold. Time—10:08.

Your Health Seeks Sixth Fairmount Win

A. D. Maxwell's Your Health, topweighted at 120 pounds, seeks its sixth victory of the Fairmount meeting in the five and one-half furlong sixth race at the Collinsville track tonight. Opposed to the Maxwell color bearer will be Eck-Heart, Set Cable, Tuck, Decompression, Dainty Dish and Waco Scamp.

Clarence Meaux, the track's leading rider, added two firsts to his string last night, winning with Little Art in the fifth and Admiral Teddy in the sixth. . . . The double on Silver Oscar and Dunwood paid $50.60. . . . A crowd of 4161 wagered $201,498.

Fairmount Results.

FIRST RACE—Five furlongs:
Silver Oscar (H. Sanabria) — 4.60 3.20 2.40
Eolia Boy (C. Meaux) — 4.40 2.80
Clev-Kade (C. W. Beck) — — 3.20
Time—1:02 4-5. La Priscilla, Valley-Fire, Quick Time, Mr. Star Baby, Gay Broom, Cindy Kal, Unique Miss also ran.

SECOND RACE—Five and one-half furlongs:
Dunwood (R. Sanabria) 17.40 7.60 4.80
Better Beg.m (J. R. Vinson) — — 5.80 4.40
Fumeur (H. Sanabria) — — — 6.00
Time—1:07 2-5. Hart Par, What A Guy, Sport Joe, Gertie's Last, Sal's Lady, Hy Apache, Derby W also ran.
Daily double paid $50.60.

THIRD RACE—Five and one-half furlongs:
Elkobar (M. Coleman) — 9.60 5.20 3.40
Joe Na Mark (T. Williams) — — 9.20 4.20
Dream Count (R. McEwen) — — 3.40
Time—1:08 3-5. Vollies Boy, Grandma Bina, Proud See, Repowder, Inundate also ran.

FOURTH RACE—Six furlongs:
Bull Gage (R. Gallimore) 12.60 7.00 5.00
Little Flame (B. Landers) 18.00 8.60
Sir Dardee (J. R. Vinson) — — 7.60
Time—1:15 2-5. Witch Way, Trels Jeep, Elliot L, Miss Rene, Ken Jim, Sir Tim, Skyline also ran.

FIFTH RACE—Five and one-half furlongs:
Little Art (C. Meaux) — 10.40 4.40 3.20
Hi-Lift (R. Sanabria) — 4.00 3.00
Quality First (L. J. Colclasure) 4.80
Time—1:08 2-5. Blonden, Money Grove, Brecken's Razor, Cinchie also ran.

SIXTH RACE—Six furlongs:
Admiral Teddy (C. Meaux) — 7.40 3.40 2.80
Industrious (E. Curry) — 3.60 3.20
Atascosa (E. Coffman) — — 4.60
Time—1:14 3-5. Undergrad, Willow Jade, For Country, Bonnie Gales, Bold Spot also ran.

SEVENTH RACE—One mile and one-sixteenth:
String With Me (T. Murphy) — 10.00 4.00 2.80
Bran Imp (E. G. Smith) 3.80 2.80
Skippy L (C. Meaux) — — — 3.00
Time—1:50 2-5. War Stim, Grand Juror, Ray's Surprise, Bernrough, Scomber also ran.

EIGHTH RACE—Six furlongs:
Glenn K (J. R. Vinson) 10.00 5.20 3.20
Mr. Duty (W. T. Stevens) 14.00 5.20
Immolite (C. Meaux) — — — 2.40

MARYLAND NEGRO QUITS FIGHT ON SCHOOL ISSUE

DEALE, Md., Sept. 21 (AP)—Dr. Harry N. Jones, bowing to the pressure of brick-throwing, cross - burning segregationists, made plans today to enroll his 6-year-old son in another school.

"It's hard to understand, but maybe one of these days it won't be this way," the Negro physician said of the events which had swirled around him since he enrolled his boy in a nearby white school Sept. 5.

He was talking on the telephone to Gov. Theodore B. McKeldin while reporters waited in his office. Jones had withdrawn his son from a newly integrated schoolroom following a series of window-smashing, telephoned threats and the burning of a cross in his yard.

McKeldin promised him state police protection if he wanted to put the boy back in school. The Governor proclaimed in a public statement that it was the "moronic" work of community "misfits" and would not be tolerated.

"It's just as shocking to me as it is to you, Governor," Jones said. "I've been familiar with this area for 20 years. Up until the last five days I couldn't believe what was happening."

During that time:

1. Bricks smashed the windows of the rented-store where Harry Jones Jr. attended first grade with 25 white children.

2. Threatening phone calls came to the Jones residence advising the family to "buy a one-way ticket" across the Mason-Dixon line "and you had better sit on the back seat of the bus."

3. A "motorcade" of whites drove past Jones's house late at night.

4. A kerosene-soaked cross was burned Thursday night by a tree in front of Dr. Jones's office.

5. He received a notice from Anne Arundel county zoning authorities yesterday that his two-year-old office was being operated in violation of zoning laws and he had 15 days to get a special exemption or close it.

Jones said he planned to put his son back in school Monday —but not at Deale Elementary, where he had started, or at Shadyside, the Negro elementary school six miles from here.

He indicated he might enroll him in Washington, D. C., where he practices medicine four days a week and still maintains a residence, an apartment in the building in which his office is located.

Court Orders N.A.A.C.P. Lawyer to Turn Over Fee Records.

ARLINGTON, Va., Sept. 21 (AP)—An attorney for the National Association for the Advancement of Colored People turned over some of his fee records to a Virginia legislative committee on racial activities yesterday, after a state court ordered him to do so.

The committee said it did not get records covering the period in which a public school integration suit was filed against Arlington county school officials. It said it would give the lawyer, Edwin C. Brown, several more days to find and submit these records.

Judge William D. Medley of Arlington circuit court ordered Brown to give the committee his fee book for the period from June, 1950, through June, 1955.

Committee Chairman James M. Thomson of Alexandria said Brown complied except for records covering the period from June, 1954, to June 20, 1955. This is the period the committee "is vitally interested in since that is the time the suit was filed," Thomson declared.

Thomson said two days of closed hearings here produced testimony indicating that plaintiffs did not have control of the Arlington integration suit. He also predicted that information gathered by the committee would be sufficient "to bar the practice of law."

Samuel W. Tucker, another N.A.A.C.P. attorney who represented Brown, argued that the committee had no right to delve into an individual's private papers. He said the legislators were authorized only to investigate groups.

One of the stated purposes of the Virginia committee is to determine whether any organizations are soliciting legal business, stirring up litigation and providing fees for clients. The whole matter ties in with lawsuits over desegregation of schools in Virginia.

MRS. BERTHA KRUPP DIES; BIG GUN NAMED FOR HER

ESSEN, Germany, Sept. 21 (AP)—Mrs. Bertha Krupp, for whom Germany's long-range World War I cannon — "Big Bertha"—was named, died today of a heart ailment. She was 72 years old.

Her son, Alfried, munitions king of Hitler days, is in Canada on a business trip. He was informed immediately and friends said he would return for the funeral, to be held Wednesday or Thursday.

Mrs. Krupp was a direct descendant of Friedrich Alfred Krupp, founder of the Krupp industrial empire. Her husband was diplomat Gustav von Bohlen and Halbach, who died in 1950. Kaiser Wilhelm II attended her wedding in 1906 and gave her new husband the right to add Krupp to his own name.

Mrs. Krupp was the mother of five sons and two daughters. Two of her sons—Claus and Egbert—fell in World War II.

Training Planes for Lebanon.

AMMAN, Sept. 21 (AP) — Jordan's King Hussein has presented Lebanon's President Camille Chamoun two training planes. They were piloted to Beirut by two Jordan air force officers.

TODAY'S TELEVISION PROGRAMS

U.S. POST OFFICE BARS UNSOLICITED RED PUBLICATIONS

WASHINGTON, Sept. 21 (UP) —United States postal officials said they block delivery of all unsolicited Soviet publications —including Russians editions of Mark Twain.

The say American subscribers who order books or magazines from Russia get standard delivery.

A Moscow radio broadcast monitored here complained that United States postal authorities had confiscated bags of "cultural" mail sent here by the Soviets. It said among other things that delivery was blocked on a Bible printed in Russian, a calendar printed in Armenian, and a Russian translation of Mark Twain.

"It turns out," the broadcast said, "Twain has been barred in his own country." This was an apparent reference to dropping "Huckelberry Finn" as a textbook in New York public schools.

Abe Goff, general counsel of the Post Office Department, said some Russian copies of Mark Twain were confiscated in the past because they included "Communist propaganda" preface and were illustrated with a picture of Stalin. He said the books were delivered only where they had been ordered.

FUNERAL SERVICES HELD FOR GEORGE F. KIEL

Funeral services for George F. Kiel, brother of former Mayor Henry W. Kiel, were held today at the McLaughlin undertaking establishment, 2301 Lafayette avenue, with burial in Bellefontaine cemetery.

Mr. Kiel, who was 74 years old, died Wednesday at his home at 2116 Douglass avenue, Maplewood. Until his retirement three years ago following a stroke, he had been employed as paymaster and office manager for the James Black Construction Co. for about 55 years.

He was the youngest brother of the former mayor, who held office from 1913 to 1925 and died in 1942. Surviving are his wife, Mrs. Erna Thory Kiel, and a son, Arthur Kiel.

E. ST. LOUIS MAN KILLED IN CRASH OF MOTORCYCLE

One person was killed and three others were injured seriously in traffic accidents in the St. Louis area last night and today.

Carl Hauser, 23 years old, 512 North Eighty-second street, East St. Louis, was killed and an unidentified young woman companion seriously injured this morning when the mortorcycle on which they were riding crashed into a utility pole on Illinois Route 158 in Millstadt, seven miles southwest of Belleville.

The woman, who was unconscious, was taken to St. Elizabeth's Hospital, Belleville.

Police reported the motorcycle went out of control, jumped a curb and smashed against the utility pole and a guy wire.

Diane M. Pallet, 7-year-old daughter of Mrs. Helen Pallet, 10906 North Warson road, St. Louis county, suffered serious head injuries last night when she was struck by an automobile on Warson, east of Lackland road.

The driver of the automobile, Chester S. Austin, 9727 White Stone terrace, Rock Hill, told county police he was westbound in Warson and did not see the child until the machine struck her. Witnesses said the machine was traveling at a speed of 20 to 25 miles an hour and the child darted from the side of the road into the path of the car.

The girl's brother, Alfred, 8, told police he and Diane were playing at the side of the road when she started to run out into the roadway. He said he called to her to stop, but she continued on.

Carl Rembach, 71-year-old farmer, Route 1, Chesterfield, suffered serious chest injuries early today when an automobile he was driving west on U.S. Highway 40 ran off the road and struck a telephone pole two miles west of Gumbo.

Administration Puts Economy Before Security, Democrats Say

WASHINGTON, Sept. 21 (AP) — Senator Mike Mansfield (Dem.), Montana, said yesterday the Eisenhower Administration may be "placing economy ahead of our security" in reducing the strength of the Armed Forces.

Senator Henry Jackson (Dem.), Washington, said at the same time the Pentagon's orders to reduce military manpower by 200,000 men "would reduce our armed forces below levels approved by Congress."

"This has been done strictly by the Administration without consultation with Congress," Jackson said in a telephone interview from Washington State.

The critical comments of the two Democratic Senators were aimed at a new order, announced Thursday, requiring the Army, Air Force, Navy and Marine Corps to reduce their forces by another 100,000 men by next June 30. This order comes on top of a directive last July under which a 100,000-man cut must be completed by Dec. 31.

Cut to 2,600,000 Men.

Taken together, the two cuts would lower total American armed strength to 2,600,000 men instead of the 2,800,000 authorized for the fiscal year which began last July 1.

Both Jackson and Mansfield said the Administration cuts apparently ignore what Congress considers to be the minimum military force necessary for national security.

Mansfield, assistant Senate Democratic leader, in a separate interview here, said the series of Pentagon economy moves would raise some questions in the new session of Congress starting next January.

"I hope the Defense Department knows what it is doing," Mansfield said. "Frankly, I am very much disturbed by this cutback in our air power. It means a reduction of from 133 to around 123 wings."

Secretary of Defense Wilson said Thursday it would mean the Air Force would have to drop at least four wings, that the Army would have to de-activate one more division and the Navy will have to take more ships out of active service.

"It appears to me we are placing economy ahead of our security," Mansfield said. "In view of our world-wide commitments we will be playing with fire if we continue to disarm unilaterally."

Danger of Small Wars.

Jackson said the economy cutbacks ignore the danger of localized or small wars.

"In the light of Soviet strength in conventional forces and the danger of localized aggression," Jackson said, "the free world needs a strong conventional capability to handle limited wars and keep them limited."

Wilson said also he believed the United States has "gained on the Russians in relative military strength since 1953," despite manpower cuts and other economy moves. Wilson said this was because of "better weapons, including missiles."

Jackson, a member of the Senate Armed Services Committee, said that as a justification for the manpower cuts, the acquisition of more powerful weapons "is no argument at all."

"Mr. Wilson neglected to say that the power of our new weapons is offset by new Soviet weapons," Jackson said.

Jackson, who also serves on the Senate-House Atomic Energy Committee, said Wilson "has not denied the possibility that the Soviets have fired one or more long range ballistic missiles."

Little Rock

Continued From Page One.

the disorder and violence, which has so far been prevented, will occur.

"It is inconceivable to me that the parents of Negro children, who have already been enrolled at Central High School by Superintendent Virgil Blossom, would want their children in the school now in the situation that prevails. I hope that the N. A. A. C. P., who instigated, sponsored and urged the move, will not be so reckless as to push the matter of entering the school until a cooling-off period has elapsed."

Urges Co-operation.

In concluding, the Governor said: "With the curtailment by the order of Judge Davies of my authority to preserve the peace, I sincerely hope that all citizens will co-operate in this endeavor."

Since the Governor refuses to see newspaper men, it was impossible to ask him what this statement meant and what he plans to do.

Guardsmen remained on duty at the executive mansion today.

Lawyers for the Governor were busy discussing plans for an appeal. If possible, they will go directly to the United States Supreme Court, but some lawyers were of the opinion that they first would have to go through the Eighth Circuit Court of Appeals.

At the beginning of yesterday's hearing, Judge Davies overruled motions to disqualify himself on account of alleged bias and prejudice and to dismiss for alleged lack of jurisdiction and because a hearing before a three-judge court had been refused by another judge previously.

Lawyer's Statement.

At this point, Tom Harper of Fort Smith, chairman of the Democratic state committee, one of the Governor's counsel announced:

"The position of the respondent, Gov. Faubus, and his military officers must be firm, unequivocal, unalterable. The Governor of the state of Arkansas cannot and will not concede that the United States in this court or anywhere else can question his discretion and judgment as chief executive of a sovereign state when he acts in the performance of his constitutional duties."

Therefore, Harper went on, counsel for the Governor could proceed no further. But, he continued with a note of caution, "This is not to say the respondents will not comply, until they be set aside, with orders that may be made here even though the respondents deem those orders beyond the court's jurisdiction."

Lawyers Excused.

Harper then asked that counsel for the Governor who included William J. Smith the Governor's personal attorney; Kay Matthews and Walter Pope, be excused.

"You are excused, gentlemen," Judge Davies, replied, adding: "But you understand this is a moot question and that the hearing will proceed."

The Governor's lawyers stalked dramatically from the courtroom, ignoring attempts of reporters to obtain statements or verify the mumbled words Harper had spoken in the courtroom. The lawyers were backed into a corner of the elevator that stood at the fourth floor, and the elevator operator was forced out as reporters pressed into the elevator to question the lawyers.

Finally, the lawyers pushed forward into the corridor and made their way to the stairway —and "freedom."

Among the motions overruled by Judge Davies was one to quash service on Adjutant General Sherman T. Clinger and Lt. Col. Marion E. Johnson, in command of the troops at the school. The troops at one time numbered about 300. It was contended that the officers could not be legally served since they were on active duty in behalf of the state of Arkansas.

The students were represented at yesterday's hearings by Wiley Brantley, counsel for Negro students, and Thurgood Marshall, chief counsel for the National Association for the Advancement of Colored People.

Presenting the Government's case were United States Attorney Osro Cobb and his assistant, James W. Gallman; Donald Macuineas, chief of the litigation section of the Justice Department's civil division, and his assistant, Carl Eardley.

Eardley, in summing up, said that the Government did not question the right of Gov. Faubus to call out the Guard but that "the fulcrum of the case" was his instructions to the Guard declaring white schools "off limits" for Negroes.

Police Chief Testifies.

Chief of Police Marvin Potts, a Little Rock policeman for 23 years and head of the department for 10 years, testified that he had observed no racial violence in Little Rock. He said that he had expected no trouble with the beginning of integration, but that "reasonable" precautions had been taken by the city to control any possible disturbance. He said, in response to a question, that the city had not asked the Governor for military support.

Last January, he testified, racial discrimination on Little Rock busses was ended without incident.

Mayor Woodrow Wilson Mann told the court that there had been no racial violence in Little Rock in the last 25 years, that he had not asked the Governor to call out the Guard and that the city police department had made plans to preserve the peace.

He testified that 15 to 20 per cent of Little Rock's population of more than 100,000 was Negro and, although areas in which Negroes live adjoin those of districts inhabited by white persons, there had been no friction.

Negro Students are Witnesses.

Two of the nine Negro students who were turned away from Central High School by National Guardsmen testified calmly, in response to questions, about their experiences. Ernest Green, who had a B-plus average at Horace Mann High School last year, said he wished to attend Central High School because it was nearer his home and would make possible a saving in bus fare. He told the court that Lieut. Col. Johnson had told him, when he presented himself at the school, that Central High was "off-limits" for Negroes. He observed no animosity on the part of white students at the time, he said.

Elizabeth Eckford, 15 years old and a B-plus Horace Mann student who also was turned away by the Guard who formed a solid line in front of her, said she lived in a neighborhood with white people and there had been no unpleasantness.

The seven other Negro pupils who were stopped by the Guardsmen were in court to testify but were excused when the court accepted the statement that their stories would be similar to those heard from the others.

Tells of Integration Plan.

Superintendent of Schools Blossom said the gradual plan of integration was formulated two years ago and that he had made more than 200 talks to parent-teacher groups, civil clubs and other organizations to explain the program. He said he always asked his audience for suggestions for improvement but seldom received any.

He expressed the opinion that, although a majority of the people of Little Rock probably were opposed to desegregation, a "large majority" had accepted the board's integration plan as the best solution of a situation that had to be met.

'Teachable Groups.'

He explained that the Little Rock integration plan called for a start in the high school because classes there could be formed into "teachable groups" with a narrow span between the top and bottom students in the class, whereas in grammar grades, with one teacher, the difference in ability of the pupils was markedly greater.

Students and teachers alike, Superintendent Blossom said, were informed about the gradual integration plan which was revised to cover a period of seven years before being completed.

The nine Negro students were selected to join the 2000 white pupils at Central High School by principals after careful study of their school records and interviews to determine their mental ability, their industry and willingness to employ their talents, their conduct and their health. These students were briefed and high school teachers also attended meetings for discussion of the integration program.

Conferred With Police.

Superintendent Blossom said he had conferred also with Chief of Police Potts on procedure to maintain order at the school.

Similar testimony was given by Dr. William G. Cooper, president of the school board, who described the gradual integration plan as excellent. He said the board had expected no violence in connection with its execution.

Jess W. Matthews, Central High School principal for 12 years, said there had been no racial violence among school children. He identified a school paper in which a student had written an editorial declaring that integration represented a "challenge" to the student body and urging that pupils be guided by democratic ideals and reason derived from their science classes rather than letting "custom, superstition and tradition direct your decision."

More than 95 per cent of the students co-operated fully in acceptance of the integration plan, he said.

8-MONTH-OLD BABY KILLED IN FALL FROM THIRD FLOOR

Geoger Tyler, 8-month-old son of Mr. and Mrs. John Tyler, 4206 East Finney avenue, was killed yesterday when he fell from the family's third floor apartment, police reported.

Mrs. Tyler told police she was in the kitchen and heard George and his brother Thomas, 3, playing in a bedroom. On entering the bedroom she discovered George was not in the room. A window screen had been loosened, he said.

The infant's body was lying in a concrete areaway about 50 feet below.

SPARROW TRAPPED IN TAR IS FREED BY OTHER BIRDS

TRENTON, Mo., Sept. 21 (AP) — A sparrow got in trouble here Thursday.

The bird flew onto the newly tarred roof at the home of Mrs. H. P. Rose and when it started to fly away, it could not move. The tar had hardened and was holding fast.

The bird fluttered its wings and called for help most all afternoon. By late evening other sparrows gathered and began packing at the dried tar. In a short time, the trapped bird was free and flew away.

5 SENTENCED AS U.S. SPIES BY EAST GERMAN COURT

BERLIN, Sept. 21 (UP) — An East German court yesterday sentenced five alleged United States spies to terms ranging from 12 years to life.

Freidrich Weihe and Alfred Fritsche were given life terms, Werner Chrobock 15 years, and Jutta Templiner and Walter Hauptmann each 12 years. All are Germans.

They were convicted of organizing American-inspired "counter-revolutionary" gangs to plot the overthrow of the Communist government.

5 Die in Truck-Train Collision.

TECUMSEH, Ont., Sept. 21 (AP)—Two men and three children were killed yesterday in the collision of a passenger train and their panel truck near this town six miles east of Windsor. The dead were Peter Pietro and Paul Vovva of Windsor, and three children of Vovva. A fourth child was injured.

TEST OF A-BOMB UNDERGROUND NO QUAKE STUDY AID

PASADENA, Calif., Sept. 21 (AP) — An earthquake expert said today that Thursday's underground atomic explosion in Nevada produced weaker shock waves than some devices fired from towers or in the air.

The California Institute of Technology's Dr. Charles Richter, deviser of a widely used scale for measuring the energy of earthquakes, said records of earlier tests were "considerably larger."

Asked to compare the energy of the blast, detonated in a chamber 800 feet beneath a mesa, Richter said, strictly speaking, this was impossible. The measurement scale, he said, is set up for quakes occurring 10 miles deep, and quakes have a different mechanical nature.

"But if we hadn't known it was a bomb and recorded such a disturbance we would calculate its magnitude at 3.9," he said.

The Richter scale has no upper limit. The largest quakes ever recorded were rated at 8.6. A 3.9 reading for an earthquake would indicate one that could be felt but would not cause damage.

Earthquake specialists generally were disappointed by the weak shock waves from the firing. It was hoped the waves would travel around the world and into its core. Although scientists on other continents reported getting signals that might possibly have been from the blast, this seemed unlikely. On the basis of recordings here, the maxiumum possible distance would be in the neighborhood of 1000 to 1500 miles.

LIMITS ON SIZE OF RADIOACTIVE SHIPMENTS URGED

WASHINGTON, Sept. 21 (AP) —The Atomic Energy Commission proposed rules yesterday to limit the amount of special nuclear materials in shipments to guard against getting enough fissionable material together which may create a "critical mass" and set off a reaction.

"While there could be no bomb-like explosion in such a case," the AEC announcement said, "there might in cases of sufficiently large shipments be spread radioactive material in the vicinity."

Separate limits are set for such materials which a license holder may transport in his own vehicle, and the amount which he may deliver to a carrier such as a truck line or railroad. The carrier-delivery limits are less than one-third of those for the licensee's own handling, to guard against an accidental concentration of shipments.

For uranium enriched with the isotope uranium 235, the limits are 350 grams for handling by the licensee himself, and 100 grams for carrier shipment. For the isotope uranium 233, and for plutonium, the limits are 200 grams and 60 grams.

NEEDS VACATION, WILL SLEEP 5 DAYS UNDER HYPNOSIS

CHICAGO, Sept. 21 (AP) — Mrs. Fred A. Dust, 38 years old, of East Chicago, Ind., a switchboard operator and mother of two, will go to sleep Monday and not be awakened until Saturday.

Mrs. Dust's doctor told her she needed a vacation, and she thought the best way to get rested was to sleep. The Hypnosis Institute of Chicago promised to help.

Edwin Baron, director of the institute, said a team of physicians, psychologists and nurses would attend Mrs. Dust in the five-day sleep.

Baron said Mrs. Dust would lose about 10 pounds during the experiment.

COUNTY JUDGES URGE BLAIR TO PUSH $80 OLD-AGE PAY

JEFFERSON CITY, Sept. 21 (AP) — Missouri county judges urged Gov. James T. Blair yesterday to recommend higher old-age assistance payments when he calls the Legislature back in special session early next year.

The county judges, winding up their thirty-seventh annual convention, went on record for increasing present maximum old-age assistance payments from $60 to $80 a month.

At the same time they recommended that recipients be allowed to live with relatives and still be eligible for pensions.

Many bills to increase the maximum payments and relax provisions of the assistance law were introduced in the regular session of the Legislature last spring but all failed to pass.

COMES TO TEACH AMERICANS HOW TO CURTSY TO QUEEN

NEW YORK, Sept. 21 (AP)—A partner in the London School of Department has come here to teach American women how to curtsy to Queen Elizabeth II and Prince Philip when they visit the United States next month.

Mrs. Simone Kaplan said as she arrived yesterday that curtsying isn't as easy as it looks. "Quite often," she said, "people simply fall down and they can't get up. It's nerves."

She said her curtsy and deportment lessons usually run about $2.95 for 45 minutes in London. She may charge $10 or more here. She plans to give lessons in Washington, also.

LILLI PALMER IS MARRIED TO ACTOR CARLOS THOMPSON

ZURICH, Switzerland, Sept. 21 (AP)—Lilli Palmer, German-born movie actress, and Argentine actor Carlos Thompson were married today. Only a few close friends and relatives attended the civil ceremony.

Miss Palmer and Thompson have appeared together in American, European and Argentine films since they first met three years ago. She was divorced last February from British actor Rex Harrison. Thompson had not been married before.

CANNON VETOES IDEA OF ADDITIONAL FUNDS

WASHINGTON, Sept. 21 (AP) — Representative Clarence Cannon (Dem.), Missouri, told the Eisenhower Administration yesterday that Federal agencies cannot expect additional funds from Congress for the coming year.

Cannon, chairman of the House Appropriations Committee, said Congress expects the Government to operate within its appropriations for the new fiscal year which started July 1.

He declared further that "our goal in the future" would be another five billion dollar spending cut in addition to the five billion dollars he said was slashed last season from the President's 1958 budget.

"As a matter of fact," he added, "we could have extracted another five billion (this year) without material interference with the legitimate functions of government."

Cannon's warning against requests for additional funds to supplement 1958 appropriations appeared in the Congressional Record.

Replying to what he called "those disgruntled spenders" who he said contend that much of the claimed savings by Congress will be offset by supplemental appropriations, Cannon said:

"May I caution the departments that we have given them money to run their departments for 12 months, and we expect them to operate on that basis.

"I trust no Government employes from the Cabinet officers down to the janitors will labor under any misapprehension on that score."

Teamsters

Continued From Page One.

"and no one else has anything to say about it."

Hoffa is regarded as the leading contender to succeed Beck in the $50,000-a-year job as Teamsters president. Both Hoffa and Beck have been accused by the Senate rackets investigating committee of misconduct in union office. Both have denied the charges.

Hoffa Aid Subpenaed.

Next Tuesday, the Senate committee resumes its inquiry into Hoffa's affairs. One of the witnesses will be Owen (Bert) Brennan, Hoffa's chief lieutenant and president of Teamsters local 337 in Detroit. Brennan was served with a subpena yesterday.

The AFL-CIO has indicated the Teamsters will be thrown out of the big labor federation unless they take steps to clean house. The AFL-CIO charges the Teamsters are corruptly dominated.

One of Hoffa's opponents for the Teamsters presidency is Thomas J. Haggerty, a veteran Chicago union leader, who expressed the belief yesterday that ultimately the Teamsters forces opposing Hoffa will merge.

Haggerty told reporters here he planned to remain in the race, and he said that about 800 of the 1846 delegates to the convention would support him. Haggerty expressed doubt that either New York Teamsters official Thomas L. Hickey or Representative John F. Shelley (Dem.), California, can be elected to head the union. Like Haggerty, Hickey and Shelley are announced anti-Hoffa candidates for the union presidency.

President

Continued From Page One.

speech to criticizing Mr. Eisenhower's role in the Little Rock situation.

"Surely the man who is the elected President of the United States must bear the greatest responsibility for allowing the situation to drift rudderless into a stream of crises to the brink of disaster," Nathan said.

"His conception of the role of the presidency in a constitutional crisis seems to extend no further than the use of moralisms, cliches and platitudes.

"Instead of using the great power and prestige of his office, he has looked the other way while the Constitution of the United States was being ravaged."

He suggested several possible steps the President might take concerning integration. These included taking a strong position "foursquare behind the decisions of the federal courts," trying to rebuild bridges of communication between Negroes and whites by calling together responsible leaders of both races, and invoking "services of such federal agencies as the FBI and the Office of Education to make available knowledge and experience in desegregation . . ."

BEVAN SAYS KHRUSHCHEV WANTS FRIENDSHIP OF U.S.

LONDON, Sept. 21 (AP)—Laborite Aneurin Bevan returned from Moscow last night and said Nikita Khrushchev told him he was "very anxious for a friendly understanding with the United States.

"I hope Great Britain will be able to bring this about," said Bevan, a left-winger who is now the Labor party's foreign affairs expert.

The Soviet Communist party chief received Bevan and his wife, Parliament Member Jennie Lee, and discussed the international situation with them.

Bevan said he and Khrushchev "found ourselves to be very much in agreement on disarmament."

SILENT SCREEN ACTOR WED

HOLLYWOOD, Sept. 21 (AP)—Silent screen actor Kenneth Harlan, 62 years old, today took his fifth wife, a 25-year-old actress.

Harlan, now an agent, and Rhea Walker were married by Municipal Judge Joseph Marchetti. Magician Harry Mendoza and his wife, Florence, a former Ziegfeld girl, were witnesses. Harlan's previous wives included Marie Prevost, silent screen star.

BRITISH-OWNED ESTATE GOT TOP FARM PRICE LOAN

WASHINGTON, Sept. 21 (UP)—A British-owned plantation in Mississippi received the Agriculture Department's biggest price support loan in 1956 — $1,446,605. The loan to Delta & Pine Land Co., Scott, Miss., for 8967 bales of cotton was revealed today in the Congressional record.

It was more than double the next largest loan of $705,648 which went to South Texas Rice Farms, Rosharon, Tex., for 125,160 hundredweight of rice.

Representative Charles B. Brownson (Rep.), Indiana, who also made public the names of individual farmers receiving the largest price support loans in 1954 and 1955, put the figures in the Record. He said the Agriculture Department supplied the breakdown.

Brownson's figures also showed the recipients of the largest loans on the nation's two other major crops, wheat and corn. They were: $149,220 to Jackson & Reinert, San Luis Obispo and Monterey counties, California for 75,143 bushels of wheat, and $138,627 to Richard Gumz, North Judson, Ind., for 91,202 bushels of corn.

In addition to the Mississippi firm, 10 other cotton producers received price support loans exceeding $350,000. They included Leo A. Fisher, Parma, Mo., $504,471.

MINK EXPENSIVE, MAY DELAY ROAD, ILLINOIS LEARNS

CHICAGO, Sept. 21 (AP)—Sensitive minks may slow construction of the $445,000,000 Illinois tollway. This was disclosed yesterday by the Illinois Toll Road Commission.

George McGurn, commission counsel, said the owner of the Cermax mink farm in northern Lake county wants $130,000 damages if roadway construction disrupts mink mating.

"In our negotiations," McGurn said, "we have reached an agreement with the proprietor for the price to be paid for the acreage we are acquiring near his farm. "But he also wants damages for interupting of the homelife of the minks. They will not mate in a noisy environment."

McGurn said he had worked out with the owner an agreement for a zone of quiet in the spring mating season. During this period, February 1 to April 1—construction workers will be as quiet as possible.

TWO YOUTHS HELD, THIRD SOUGHT AFTER ROAD CHASE

Two youths were held at Hillsboro, Mo., today and a third was being sought by the Highway Patrol after the three youths led several patrol cars on a 100-mile-an-hour chase north on U. S. Highway 61. The chase ended when the youths' machine plunged over a 15-foot embankment near Barnhart, Mo.

The chase started when Patrolman Gene Archer of Bonne Terre attempted to stop the youths for questioning there. They sped out of town, north on Highway 61, and stopped momentarily after he fired two warning shots in the air and one at the speeding automobile. When Archer started to get out of his machine, one of the youths fired at him and they then sped away again.

Highway Patrol Sgt. Ralph E. Butler and Trooper Herman Ellenberger picked up the chase at the junction of Highway 61 and Route CC. The youths' machine, which covered the next 16 miles of highway in 12 minutes before running off the road, forced several other automobiles off the highway, officers reported. They also sped around a roadblock which had been set up. Officers said a quantity of new clothing was found in the automobile.

5 KILLED IN HEAD-ON CRASH ON PENNSYLVANIA TURNPIKE

PITTSBURGH, Pa., Sept. 21 (AP)—Five persons were killed yesterday in one of the worst traffic crashes in the 17-year history of the Pennsylvania Turnpike.

A westbound automobile and a tractor-trailer collided head on on the rain-slicked toll road about four miles west of the Pittsburgh interchange near Unity, Pa.

Killed were a man, two women and two children. All were occupants of the car, which bore a California license plate. Victims listed by state police and relatives were: John M. Kelly, 26 years old, formerly of Gladstone, Ore.; his wife, Hazel, 26; their 11-month-old daughter, Susan; Kelly's sister-in-law, Mrs. Donald M. Young, 22, and her 1½-year-old daughter, Patty. The truck driver, identified as Thurman D. Korns, 27, of Stoystown, Pa., was not injured.

HOUSEBOY ADMITS KILLING EX-ACTRESS RHEA MITCHELL

LOS ANGELES, Sept. 21 (AP)—Police said last night that houseboy Sonnie Hartford, 37 years old, has admitted he strangled former actress Rhea (Ginger) Mitchell, 63.

Detective Lt. Herman Zander said Hartford told him he went to her apartment Sunday afternoon to pay a $30 loan. The houseboy has been in custody since Monday, booked on suspicion of murder.

"I don't know why I did it; she has always been nice to me," police said he told them.

Hartford, the investigators said, related that Miss Mitchell took offense at a "complimentary" remark he made as he was leaving the apartment. He told police he then choked her.

LADY SHIPTON TO LIVE IN U.S.

LONDON, Sept. 21 (AP)—Earl Attlee's eldest daughter, Lady Janet Shipton, is going to the United States to live.

Her husband, Harold W. Shipton, has accepted an appointment as research associate in medical electronics at the University of Iowa.

STRONGER ASSEMBLY URGED FOR MISSOURI

JEFFERSON CITY, Sept. 21 (AP)—Two legislative leaders told delegates to the 1943-44 constitutional convention yesterday the legislative branch of Missouri's government must be strengthened.

One of them suggested a unicameral one-house body may be the eventual answer.

Senator Floyd R. Gibson (Dem.), Independence, president pro tem of the Senate, told the delegates at their annual reunion that a stronger Legislature is needed to deal with the increasing complexity of government.

He said the present five-month time limit on legislative sessions should be removed and the salaries either should be increased or left to be determined by the legislators themselves.

The present pay of $125 a month plus $10 a day expenses when the Assembly is in session "forecloses many from running," Gibson said.

The voters decisively rejected a legislative pay increase last spring.

Representatives A. Clifford Jones, (Rep.), St. Louis county, minority leader in the House, said the present five-month plan had been a failure but he doubted a salary plan alone would be a solution.

"I know the unicameral idea is unpopular in Missouri," he said, "but eventually it may be the only solution to strengthening the General Assembly."

Jones, who said his were "the jaundiced views of a discouraged legislator," compared the Senate under the present setup to a placid, grazing herd, while the House "is more like a chicken coop."

He charged the Legislature had nullified many of the rules of procedure laid down in the 1945 Constitution and had failed to implement many constitutional provisions properly.

If a new convention should be called in 1962, when the issue comes before the voters automatically, Jones suggested that the Governor, lieutenant governor and attorney general be left as the only elective officials on the ballot.

JUDGE ORDERS CUT IN BAIL OF SIX CONVICTED REDS

DENVER, Sept. 21 (AP)—United States Judge Lee Knous yesterday reduced the bail bonds of six of seven convicted Communists by as much as 50 per cent.

The seven are awaiting retrial on conspiracy charges. The tenth Circuit Court of Appeals reversed their conviction.

They sought reduced bond on the ground they "are presumed to be innocent of the charge confronting them."

Bail was trimmed a total of $45,000. Only that of Mrs. Maia Scherrer, Detroit, remained the same. Her bond of $5000 has been the lowest of the group.

These reductions were ordered:

Arthur Bary, San Francisco, from $30,000 to $20,000; Lewis Martin Johnson, Boston, from $20,000 to $15,000; Anna Bary, Denver, from $25,000 to $15,000; Joseph William Scherrer, Detroit, from $15,000 to $10,000; Harold Zepelin, Denver, from $15,000 to $10,000; and Patricia Blau, El Paso, from $20,000 to $10,000.

ARGENTINA FAILS TO END COMMUNICATIONS STRIKE

BUENOS AIRES, Sept. 21 (UP)—A government attempt to solve a strike of 45,000 communications workers before it spreads into a general strike broke up early today without agreement.

Representatives of the striking telephone and telegraph workers said some progress was made in the two-hour session but not enough to end the walkout.

They said another session would be held next week when the government will reply to the demands of the workers for monthly pay increases of $15.50.

INDIAN POLICE FIRE ON MOBS IN MADRAS STATE RIOTING

MADRAS, India, Sept. 21 (AP) — Police used firearms Thursday night and yesterday in several parts of Madras state to break up clashes between high caste Hindus and untouchables, the government disclosed.

It gave no casualty figures but a newspaper report said 32 untouchables were killed or injured when a rioting mob fired on a group inside a village church at Veerambul. Among the victims were 10 women.

The newspaper said police fire killed four rioters.

NEWSPAPER PRICE BOOST

ATLANTA, Sept. 21 (INS)—The Atlanta daily newspapers announced yesterday they would boost the price of the combined Sunday edition of the Atlanta Journal and the Constitution to 20 cents a copy.

The boost, effective this weekend, is the first since 1946. The papers said the increase was necessary because of increased newsprint and production costs. The price of the daily editions will remain the same.

Sandys Back From Far East.

LONDON, Sept. 21 (AP)—Defense Minister Duncan Sandys flew home today from a five-week tour of the Far East and said his trip would help Britain decide what armed forces to maintain in that area. He visited Australia, Hong Kong and Singapore.

Top Grade Openings At MELPAR

You are invited to appraise the several top grade openings which, due to our accelerated expansion program, now exist at our ultra modern laboratory ten miles from Washington, D.C.

MELPAR OFFERS YOU:

1. Advancement based on your skill and ability, rather than age or tenure.
2. An opportunity to assume more complex duties as soon as you are ready. Because of our dynamic growth (we have doubled in size every 24 months since 1945), new openings on higher levels occur constantly.
3. As a member of our engineering staff a chance to participate in a small project team charged with solving entire problems, from conception to completion of prototype.
4. Attractive suburban location within easy driving range of beaches, mountains, and cosmopolitan Washington, D. C. Fine homes and apartments available traffic-free minutes from the laboratory.
5. Complete company benefits, including financial assistance for study.

Due to our diversification, openings exist in practically every phase of electronic research and development.

BIDS & PROPOSALS WANTED 284

NOTICE TO BIDDERS
Sealed proposals for construction of an Intermediate School, East Locust Street, Boonville, Missouri, will be received by the Board of Education, Boonville, Missouri, at their office in the Boonville High School, Boonville, Missouri, until 7:30 P.M., C.S.T., Thursday, September 26, 1957.

Plans and specifications and further information for bidders can be obtained at the Board of Education office or from the Architects, Marshall & Brown, 1016 Baltimore, Kansas City, Missouri.

Certified copies of the wage determinations will be available to interested parties in the office of the Secretary of State of Missouri.

The Board of Education, Boonville, Missouri, reserves the right to accept or reject all bids.

Attention is called to the fact that rate of pay for laborers and mechanics engaged in the construction of the project will not be less than the prevailing local wage rates as determined by the Department of Labor and Industrial Relations of the Industrial Commission of Missouri, in accordance with Section 290.210-310 R.S. Mo. 1957, Sessions Acts (H.B. 294). The local wage rates for crafts are listed below:

Craft	Rate Per Hour
Bricklayers	3.50
Bricklayer Foreman—2 men or more	3.75
Bricklayer Tender (Hod Carriers—Jurisdiction Laborers)	2.17½
Carpenters	2.85
Carpenters — Welder and Creosote Lumber Handlers	2.975
Carpenter Foreman—2 men or more	3.10
Cement Finishers	3.00
Cement Finishers Foreman—1 man or more	3.125
Electricians (Inside Wireman)	3.475
Electrician Foreman—5 men or less	3.725
Electrician Foreman—6 to 15 men	3.725
Electrician General Foreman	3.975
Engineers — Portable and Hoisting; Light Equipment	2.73
Engineers — Portable and Hoisting; Heavy Equipment	2.975
Oilers and Greasers, Equipment	2.18
Laborers—(Building—Common)	2.025
Foreman's Rate	2.275
Lathers—Metal, Wood	3.25
Lathers Foreman (1st man on job	2.00 per day above scale 3.25
Tile Layers, flooring and walls	3.425
Tile Layers Foreman	3.675
Tile Layers Helpers	2.175
Truck Drivers, Teamsters, Chauffeurs, Warehousemen and Helpers	1.95
Welders, Acetylene and Electric, N.O.S.	3.20
Millwrights—(Jurisdiction of Carpenters)	3.375
Millwright—Foreman—2 or more men	3.625
Painters	2.75
Glaziers, also spray painting by painters	3.25
Painters, Foreman—3 men or more	3.00
Plasterers	3.375
Plasterers Foreman—2nd man on job	3.625
Fitters	3.375
Fitters Foreman	3.625
Plumbers	3.37½
Plumbers Foreman	3.62½
Plumbers General Foreman	3.87½
Roofers—Composition, Slate, Tile	2.90
Roofers Foreman	3.15
Sheet Metal Workers	3.00
Sheet Metal Workers Foreman	3.25
Sheet Metal Workers General Foreman	3.50
Structural Iron Workers	3.20
Structural Iron Workers Foreman—2 men or more	3.45
Plasterer Tenders	2.17½
Semi-skilled laborers and sewer tile layers	2.17½

The prevailing hourly rate of wage for legal holidays and overtime work are at the rates listed and described below:

All of the crafts named above are paid double time for all overtime and Saturday, Sunday and holidays, except Truck Drivers and Laborers, who are paid time and one-half for all overtime worked during the work week and all time worked on Sundays and holidays. Special provisions are made for extra time or overtime for Hod Carriers and Plasterer Tenders.

Note: Crafts for which a prevailing hourly wage rate has not been determined by the Commission in the above determination are crafts that do not have any employment in Cooper County, Missouri, at the present time or within the last year; therefore the Commission was unable to ascertain the prevailing hourly wage rates for the crafts that are omitted from this determination.
BOARD OF EDUCATION
BOONVILLE, MISSOURI
By: Myldred J. Crain
Secretary.

POST OFFICE DEPARTMENT invites proposals to lease quarters for GARDNER STATION at St. Louis, Mo., to be located in vicinity of Childress Avenue and Chippewa Street. Space of about 3800 sq. ft. is desired under a 5 or 10 year lease from November 5, 1958. Proposals will be considered if received on or before November 1, 1957, subject to conditions set forth in terms of general advertisement on display in the lobby of the Main Post Office. For details contact M. J. Deutsch, Real Estate Officer, Room 213, U. S. Courthouse, MAin 1-8100.

STOCKHOLDER'S MEETINGS 285

TO THE STOCKHOLDERS OF MISSISSIPPI RIVER SAND AND MATERIAL COMPANY:

A special meeting of stockholders of Mississippi River Sand and Material Company will be held at the offices of Mississippi River Sand and Material Company, Foot of Victor street, St. Louis 4, Missouri, on Monday, the 30th day of September, 1957, at 10:00 o'clock a.m., for the following purposes:

(1) To vote upon an Agreement and Plan of Consolidation dated September 18, 1957, providing for the consolidation of Goltermann Materials, Inc., Concrete Incorporated, PFC Equipment Company, and Mississippi River Sand & Material Company into a new Missouri corporation to be known as Basic Materials Company.

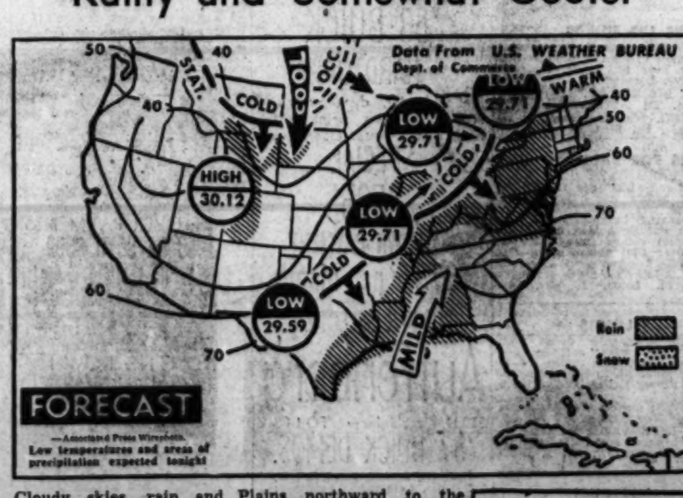
(2) To consider and act upon any other matters which may properly come before the meeting.

By order of the Board of Directors,
JOSEPH E. GANDER, President

EVENS & HOWARD SEWER PIPE COMPANY
SHAREHOLDERS' MEETING —
A special meeting of the shareholders of Evens & Howard Sewer Pipe Co. will be held at the office of the company, 5200 Manchester ave., St. Louis, Mo., on Monday, September 30, 1957, at 9 o'clock a.m., for the purpose of considering the advisability of voluntarily dissolving the corporation, and for the transaction of such other business as may properly come before the meeting.
OSCAR E. BUDER, President
Attest:
JOSEPH L. SIMPSON, Secretary
St. Louis, Mo., Sept. 19, 1957

A SPECIAL meeting of shareholders and directors of Broadway Laundry Co. will be held at office of company, 2348 S. 7th st., St. Louis, Mo., on Tues., Oct. 1, 1957, at 2 p.m. for purpose of considering stock dividend and any other business that might come before the meeting. J. M. WURST, President.
Attest: H. Lavin, Secretary.

Rainy and Somewhat Cooler



—Associated Press Wirephoto.
Low temperatures and areas of precipitation expected tonight

Cloudy skies, rain and somewhat cooler temperatures are expected in the St. Louis area tomorrow, the Weather Bureau predicted. The outlook for Monday was for showers and thundershowers to continue, the bureau said.

Rainy weather extended today from the Atlantic coast to the Rockies. Thunderstorms and strong winds continued today in parts of Oklahoma, Texas and Kansas. A warning of flash floods on small streams was issued for parts of east central Kansas after torrential rains drenched the state.

The wet belt today reached from the southern Plains northward to the upper Mississippi valley and eastward to the Atlantic coast. Except for scattered showers over the central and northern Rockies, most of regions west of the Rockies was clear.

Snow flurries continued over most of the north and central Rockies. A one-inch snow was reported on the ground today at Butte, Mont.

Low temperatures in Missouri ranged this morning from 55 at Kansas City, which had heavy rain measuring 2.87 inches, to 72 in downtown St. Louis. The nation's low was 24 at Elko, Nev. Highest temperature in the nation yesterday was 104 at Presidio, Tex., the Weather Bureau reported.

CHAMPIONSHIP FORM

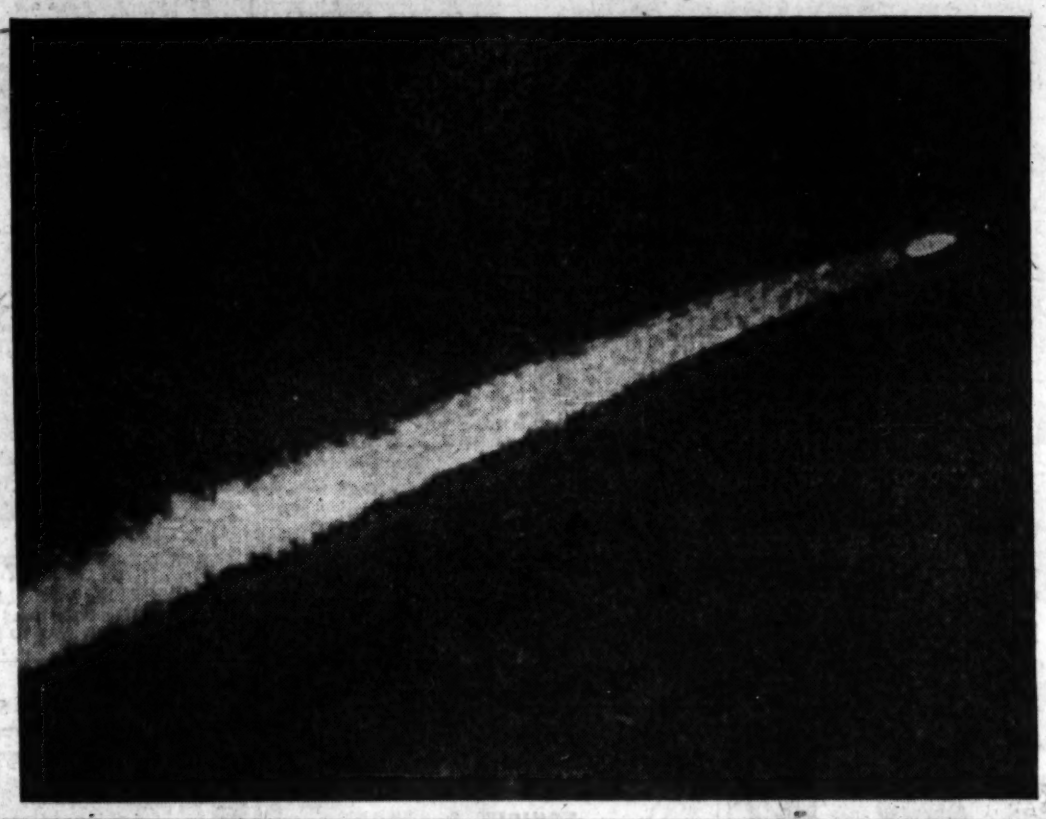
On his way to a world title, Willem de Lint of The Netherlands checks his course while competing in championship round of international plowing contest at Peebles, O., yesterday. De Lint topped 26 other contestants representing 14 countries with the straightest, cleanest and most compact furrows in the contest. Despite the championship form, he said he seldom plows at home.

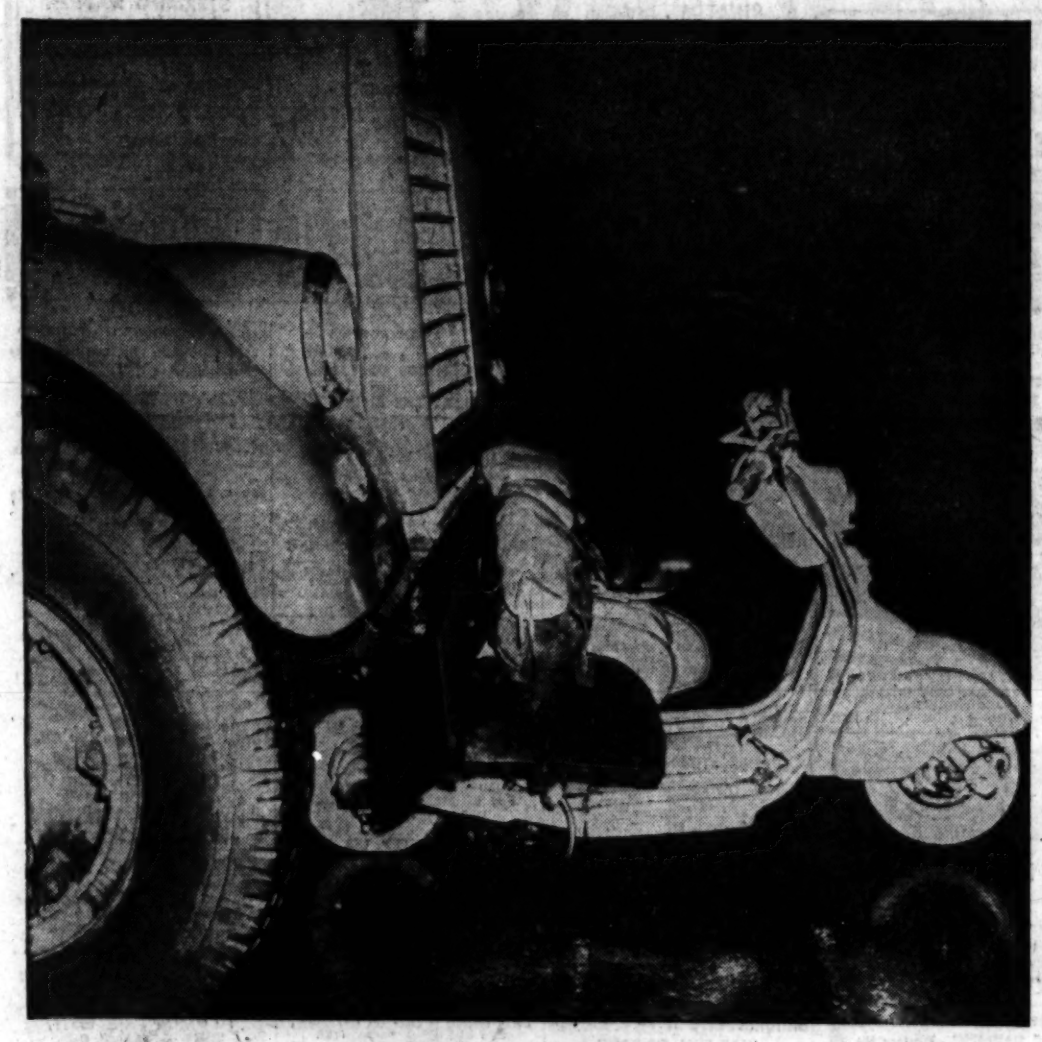
—Associated Press Wirephoto.

MISSILE ON ITS WAY

Missile believed to be the Air Force Thor spurts from launching pad and then curves off in high speed flight in test firing at Cape Canaveral, Fla., yesterday. In view for at least two minutes after leaving the ground, the missile sounded like a squadron of bombers passing overhead, observers said. The Thor is an intermediate range missile with a range of about 1500 miles. Three earlier attempts to launch a Thor were not successful.

—Associated Press Wirephoto.

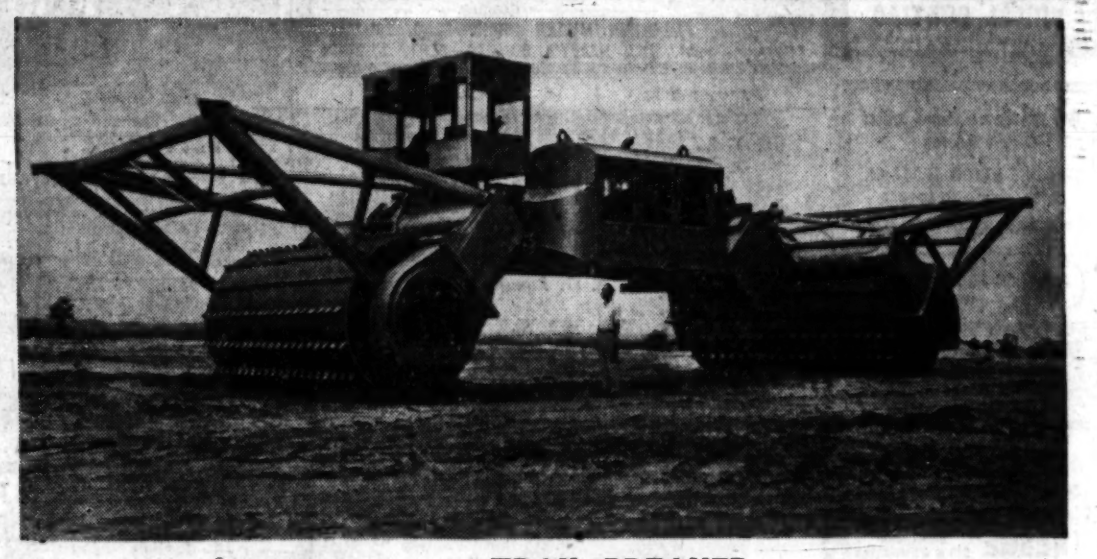




CRASH CONTRAST

Motor scooter looks even smaller than normal in contrast to big truck which ran into it at Chattanooga, Tenn., Thursday. Operator of the scooter, Elmer Bauer, was taken to hospital with back and head injuries.

—Associated Press Wirephoto.



TRAIL BREAKER

Built to take even the roughest going in its stride is massive tree crusher designed and built by R. G. LeTourneau, Inc., of Longview, Tex. For use in land clearance projects, the machine's massive steel rollers splinter trees and underbrush and compress them into a mat-like carpet ready for burning or other disposal.

—Associated Press Wirephoto.

ARCHITECT AND HIS WORK

Sweeping lines of new Congress hall form background for architect Hugh Stubbins of Cambridge, Mass., who designed the structure in West Berlin. The hall, financed by gifts from the United States and West Germany, is in the Tiergarten section of West Berlin. Its main room has seats for 1200 persons.

—United Press Photo.

BIRD IN THE HAND

Wary look at a very large world is taken by bird famed as the smallest chick in the world. Shown soon after emerging from its shell at Stockholm, Sweden, the ball of fluff is a Chinese dwarf quail, the smallest of fowl.

—United Press Photo.

3 NAMED TO STAFF OF PAROLE OFFICE

Three staff members and one office worker were appointed to the probation and parole office yesterday by the circuit court judges as part of a program for expanding and improving the office.

Named chief deputy probation and parole officer was Charles Mann, who has been assistant executive secretary of the St. Louis Bureau for Men. Mann has social service degrees from the University of Missouri and University of Illinois.

Robert W. Hicks, a parole counselor at Missouri Hills, state training school for boys, and Leroy G. Schultz, child welfare counselor for the City Division of Welfare, were appointed deputy parole officers.

Hicks has degrees in social work from Lincoln and Washington universities and Schultz from Washington.

Mrs. Rita Galvin was hired as a clerk-stenographer.

The salary of the chief deputy is $7500 a year and deputies $5000. Mrs. Galvin will be paid $3120 annually.

The additional positions in the probation and parole office were authorized last spring by the judges meeting in general term session to provide more detailed investigation of backgrounds of defendants appearing in circuit court criminal cases.

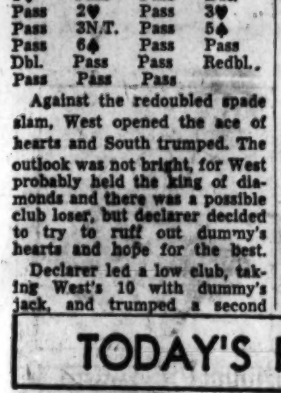
The Bridge Deck

By Florence Osborn

THE results were very different when two French teams met today's hand in a recent bridge match. At the first table, West played the hand at one heart, doubled, and made it for 160 points, taking six trump tricks and the diamond king. When his teammates sat North-South at the second table, they reached six spades, redoubled, by the unusual bidding shown below and made it for a score of 2020 points.

Both sides vulnerable.



The bidding:

West	North	East	South
1♥	Pass	Pass	Dbl.
Pass	2♥	Pass	3♥
Pass	3N.T.	Pass	5♦
Pass	6♠	Pass	Pass
Dbl.	Pass	Pass	Redbl.
Pass	Pass	Pass	

Against the redoubled spade slam, West opened the ace of hearts and South trumped. The outlook was not bright, for West probably held the king of diamonds and there was a possible club loser, but declarer decided to try to ruff out dummy's hearts and hope for the best.

Declarer led a low club, taking West's 10 with dummy's jack, and trumped a second heart. He re-entered dummy with the king of clubs and returned a heart, East ruffed in with the seven of spades, hoping to promote a trump trick for his partner by an uppercut, and South overruffed with the spade queen. Declarer next entered dummy with the ace of diamonds and led a fourth round of hearts. East played the eight of spades and South overruffed with the king.

Now it developed that East's two uppercuts had forced South into the winning play of unblocking in trumps (which he might otherwise have missed) for with his last spade being the six-spot, he was able to draw trumps by finessing dummy's nine and cashing the ace and jack. This was the situation on the lead of the final spade:

If East discarded a club on the spade jack, declarer would throw a diamond, cash two clubs and give up a diamond at the end. If East discarded a diamond, declarer would throw a club and now on the lead of the diamond four, East's forced play of the king would eliminate a guess for declarer in the suit. Either way, South lost only a diamond trick.

TODAY'S PATTERNS

Whip up this jumper outfit with our easier-to-follow printed pattern. It's the school set's favorite fashion. Make it as a sun'semble next summer.

Printed Pattern 4727: Girls' sizes 6, 8, 10, 12 and 14. Size 10 jumper takes 2⅛ yards 45-inch; blouse or jacket, one yard 35-inch.

Printed directions on each pattern part. Easier, accurate.

Send 50 cents in coins for a pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, St. Louis Post-Dispatch Pattern Department, P.O. Box 121, Old Chelsea Station, New York 11, N. Y. Print your name, address with zone; size and style number.

In sizes 4-7-10, each adjusts to the two next larger sizes. Easy sewing.

Pattern 881: Transfer pattern sizes small 4-5-6; medium 7-8-9; large 10-11-12; in one pattern. Made of one piece.

Send 35 cents in coins for a pattern—add 5 cents for each pattern for first-class mailing. Send to St. Louis Post-Dispatch, Needlecraft Dept., P.O. Box 136, Old Chelsea Sta., New York 11, N. Y. Print pattern number, name, address, zone.

Two free patterns as a gift to our readers—printed right in our 1957 Laura Wheeler Needlecraft Book. Dozens of other designs you'll want to order—easy fascinating handwork for yourself, your home, gifts, bazaar items. Send 25 cents for your copy of this book today!

Uncle Ray's Column

By Ramon Coffman

PERHAPS you remember the long letter about Will Vincent which I quoted some weeks ago. This letter referred to a mysterious protection which Vincent had against the poison in rattlesnake bites. I expressed the wish the someone knew the name of the herb which, 'twas said, was employed to provide the protection.

Several persons have written to me on this subject, among them David F. Brinegar, associate editor of the Arizona Daily Star. He quoted a research chemist who said that castor beans "contain, among other things, the same thing that makes rattlesnake bites so dangerous." He added:

"On page 235 of the August 1957 National Geographic magazine is the statement that Hopi Snake Dancers allude to 'secret herbs taken by priests in the kivas' as one reason why snake venom does not kill them."

* * *

I HAVE WRITTEN in this column about a Hopi convert to the Christian religion who said that the rattlesnakes are encouraged to bite animal skins before the dance stars, and in that way lose much of their venom.

It seems likely to me that secret herbs may be used in addition to that method of protection.

* * *

ANOTHER LETTER from P. F. McIntosh, says;

"I read in your column about the man who handled rattlers, but had a herb which kept him from being hurt by the poison. Years ago, I hunted and trapped quite a bit. I kept a bottle of kerosene and ammonia with me all the time. One day my dog was bitten on the neck by a rattlesnake, I applied this stuff and it drew the poison out. The dog became well and there was no smell from the poison."

I wish to thank both Brinegar and McIntosh for their letters. There probably are several ways, aside from the anti-snake-bite vaccine now in use, to protect people from the ill result, sometimes death, which results from bites by rattlers.
